ENSEMBLETM

Technical Information

Model	Door maximum width	Door maximum height
72210106	38-5/8" (98.1 cm)	70-1/2" (179.1 cm)

Installation Notes

Install this product according to the installation guide.

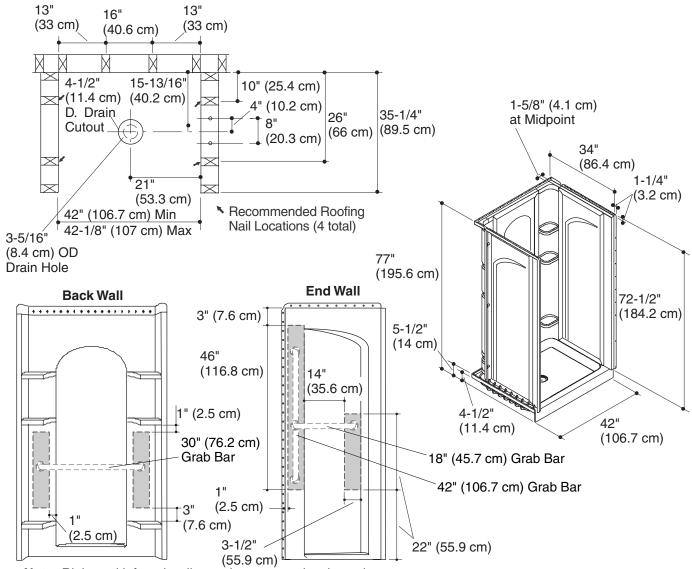

Size the drain cutout to fit the drain assembly that will be used.

End stud positioning is critical if nailing-in flanges are to be used.

Double studding is recommended for pivot shower door installations.

Studs should be positioned roughly as shown for roofing nail installation.

Attach grab bars at the specified backer board locations only.

Note: Right and left end walls are the same, only mirrored.
