EDGE CUTTER PARK -
2WD

Edge cutter Park - 2WD

A Edge Cutter that operates with a disc. Cuts the grass by the roots and leaves a string behind. Make a straight cut along a gravel paths or flower bed with Stiga Park.

The tool has adjustable cutting angle, with a disc that can be mounted two ways.

The edge cutter can be mounted together with the pro cutting decks.

Fits Stiga Park Pro 2WD and Park Royal, Park Comfort and Park diesel.
