

ASSEMBLY

1. To attach the **Pasta Machine** to the table or countertop position the **Pasta Machine** near the edge of the work surface.

2. Slide the **C-Clamp** into the **C-Clamp Hole** in the side of the **Pasta Machine**.

3. Tighten the screw on the **C-Clamp** to secure the **Pasta Machine** to the table or countertop.

4. Slide the **Cutter Attachment** onto the attachment clip of the **Pasta Machine**.

5. Slide the **Handle** into the **Drive Hole** of the **Roller** or the **Attachment** to be used. Be sure to notice when the **Handle** turns, it passes below the edge of the work surface and turns freely.

Specific instructions on the use of each Pasta Machine Attachment is included in the Pasta Machine Instruction Book.

For questions or further instructions, contact Weston Products at 1-800-814-4895.

CLEANING

The **Pasta Machine Attachments** may have some excess oil on it from the factory. This is to protect the machine during shipping. **THIS OIL MUST BE REMOVED BEFORE USING THE MACHINE!**

- Using a clean dry cloth, wipe all the surfaces clean. **DO NOT USE WATER!** Never wash the **Pasta Machine Attachment** with water, place it in water, or put it into the dishwasher. Simply wipe it clean with a dry cloth.
- To clean the inner surfaces of the **Pasta Machine Attachment** pass a piece of dough through the **Cutters** several times, making sure the dough touches all the surfaces, especially the sides where machine oil can accumulate. Discard this dough when finished.
- Use a dry pastry brush to remove any flour or bits of dough from the hard to reach places.
- Lightly sprinkle some flour on the **Cutters**. Using a dry brush, work the flour into the edges of the **Pasta Machine Attachment**. Brush all the flour away and wipe the machine clean again with a clean, dry cloth.
- **NEVER INSERT KNIVES BETWEEN THE CUTTERS!**
