

# **NEW** Bush Hog® TOUGH 320 “Original Plus” Series Heavy-Duty Rotary Cutters

**Bush Hog’s “Original” Heavy-Duty Cutters Are Better Than Ever**  
Bush Hog’s 300 “Original” Series Rotary Cutters helped build the Bush Hog reputation for performance you can count on. Now the new Bush Hog 320 “Original Plus” Series Rotary Cutters offer even more performance the first day on the job and for years to come.

**BUSH HOG®**  
Performance You Can Count On™

# BUSH HOG® ... Choose The “Original Plus”

Bush Hog 300 “Original” Series Heavy-Duty Cutters helped make the Bush Hog name famous. Often copied, never equaled, they set the standard for heavy-duty cutters. The new and improved Bush Hog 320 “Original Plus” Series Heavy-Duty Cutters are called the “Original Plus” because they deliver all the performance and reliability of the “Original” Series plus more. Be sure you get authentic Bush Hog.

## Great Performances

This Bush Hog Series 300 Heavy-Duty cutter is one of thousands of “Original” Bush Hogs that built the Bush Hog reputation for performance you can count on in tough conditions. This same model has maintained the rugged pasture at an 850-acre Texas cattle operation more than 22 years.

# Bush Hog® TOUGH Features Mean The New “Original Plus” Is Even Better Than The “Original”

## 10 Bush Hog TOUGH Features

**1. TOUGH Sloped Deck.** Improved sloped deck design sheds water and debris to increase deck life.

**2. TOUGH Deck Reinforcements.** Decks are reinforced with internal 7-gauge steel strongbacks that run the full length of the deck tying together the entire structure with the gearbox stand.

**3. TOUGH Bush Hog Materials.** 325, 326 and 327 decks are 7-gauge thick steel. Strongbacks are 7-gauge steel.

**4. TOUGH Bush Hog Gearboxes.** 325, 326 and 327 gearboxes are the same rugged gearboxes used on thousands of Bush Hog flex wing cutters. Rated at 190 HP, they have the highest rating in their class. They are built to exacting Bush Hog specifications and embossed with the Bush Hog brand. All models come with the TOUGH Bush Hog 5-year limited gearbox warranty.

**5. TOUGH Sidebands.** Sidebands are strong and deep. Formed of 1/4-inch thick steel, they are 12 1/2-inches deep.

**6. TOUGH Blade Pans.** Blade pans are 7-gauge steel formed in dished shape for extra strength.

**7. TOUGH Bush Hog Blades.** Built of heat treated alloy steel, blades are genuine Bush Hog and have been refined based on years of Bush Hog experience in rugged, real world conditions.

**8. TOUGH Tail Wheel Assembly.** Heavy-duty tail wheel assemblies are standard on all models. 327 comes equipped with a heavy-duty axle and dual wheels for both lift and pull models. Both lift and pull models come with laminated tires that are built for rugged conditions.

**9. TOUGH Heavy-Duty Gearbox Stand.** An integral part of the cutter's structure, the gearbox stand runs between the strongbacks.

**10. TOUGH Category 5 Driveline.** Rugged ASAE Cat 5 drivelines are standard on every 320 Series “Original Plus” cutter.

### The “Plus” In Bush Hog 320 “Original Plus” Series Rotary Cutters

New sloped deck design	+
New internal strong backs	+
