©2009 by National Presto Industries, Inc.

This is a  Listed appliance. The following important safeguards are recommended by most portable appliance manufacturers.

IMPORTANT SAFEGUARDS

To reduce the risk of personal injury or property damage, when using electrical appliances, basic safety precautions should always be followed, including the following.

1. Read all instructions.
2. To protect against electrical shock, do not immerse cord, plugs, or coffee maker in water or other liquid.
3. Close supervision is necessary when any appliance is used by or near children.
4. Do not let cord hang over edge of table or counter, or touch hot surfaces.
5. Be sure that the lid is securely in place before brewing and serving coffee.
6. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return the appliance to the Presto Factory Service Department for examination, repair, or adjustment.
7. The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
8. Do not touch hot surfaces. Use handles or knobs.
9. Do not place on or near a hot gas or electric burner or in a heated oven.
10. Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, remove plug from wall outlet, then from appliance.
11. Remove and replace lid carefully.
12. Scalding may occur if lid is removed during brewing cycle.
13. Extreme caution must be used when moving coffee maker containing hot liquids.
14. Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
15. Do not use outdoors.
16. Do not use appliance for other than intended use.

SAVE THESE INSTRUCTIONS

THIS PRODUCT IS FOR HOUSEHOLD USE ONLY.

A short power cord is provided to reduce the risk resulting from becoming entangled in or tripping over a longer cord. An extension cord may be used if care is exercised in its use.

If an extension cord is used, the marked electrical rating of the extension cord should be at least as great as the electrical rating of the appliance. The extension cord should be arranged so that it will not drape over the countertop or tabletop where it can be pulled on by children or tripped over accidentally.

How to Use

IMPORTANT: To assure proper operation, read and follow instructions carefully. Before using for the first time, wash the inside of the coffee maker, cover, and basket assembly with hot, sudsy water. Rinse thoroughly. **DO NOT IMMERSE COFFEE MAKER IN WATER OR OTHER LIQUID.**

1. For perfect coffee every time, always fill your coffee maker with fresh **COLD** water. Fill to desired level (see fill level indicator inside the body on the handle side of the unit). The numbers indicate the quantity of cups brewed*. Make at least 2 cups at a time to assure best flavor.
2. For best clarity and flavor, use one of the disposable wraparound filters included. These filters can be found in the top filler of the carton. Additional filters are available at grocery stores and online. Look for Rockline™ 41-551**.
3. Place the center hole of the filter over the basket stem (Fig. B).
4. Add coffee, either regular or percolator grind, to the basket. When adding coffee to basket, place a finger over the basket stem to prevent grounds from falling through. Then, fold corner holes of filter onto the basket stem to cover the coffee. Tuck excess paper into basket.

The following suggested amounts of coffee can be adjusted according to personal preference:

CUPS OF BREW	TABLESPOONS OF COFFEE
2	2
4	4-5
6	5-6

5. Cover the basket with the basket lid. Place the perk tube in the coffee maker perk well. (The perk well is the indented portion in the center of the coffee maker base.) While holding the tube in place, slip the filled basket onto the perk tube.

NOTE: IF THE PERK TUBE IS NOT SEATED PROPERLY IN THE PERK WELL, THE COFFEE MAKER WILL NOT MAKE COFFEE OR COFFEE WILL BE WEAK.

6. Place the cover on the coffee maker and push it down firmly.
7. Connect the cord to the coffee maker then to a standard AC wall outlet. Never plug coffee maker in without water or liquid coffee in it.
8. The signal light comes on automatically when coffee is ready.

CAUTION: Use proper precautions to prevent the risk of burns. Do not touch the coffee maker's hot surfaces. While in use coffee maker parts, coffee grounds, and coffee may be hot and scalding may occur. Coffee stays hot as long as coffee maker is plugged in.

Fig. A

Fig. B

*One cup is approximately 5 ounces brewed coffee.

**Rockline is a trademark of Rockline Industries.

9. Disconnect the cord from the electrical outlet first and then from the coffee maker. **CAUTION: Coffee maker parts, coffee grounds, and remaining coffee may still be hot. Allow to cool before washing the unit.**

Care and Cleaning

1. Unplug cord from electrical outlet and then remove from coffee maker. **Allow the coffee maker to cool before cleaning.**
2. Hold onto the coffee maker handle with one hand. Position your other hand so that the heel is resting on the cover on the spout side of the coffee maker and your fingers are grasping the cover knob. Pressing down with the heel of your hand, tilt the cover towards the spout side of the coffee maker. Pull the cover off. Discard coffee grounds and filter.
3. Wash and rinse inside of coffee maker, cover, and basket assembly with hot, soapy water after each use. **DO NOT IMMERSE THE COFFEE MAKER IN WATER OR OTHER LIQUID.** The perk tube and spout can be cleaned with a brush or pipe cleaner.
4. Wipe outside surface with a damp cloth. Thoroughly dry with a towel. **DO NOT IMMERSE COFFEE MAKER IN WATER OR OTHER LIQUID.**
5. Periodically remove oils and stains from inside the coffee maker with a coffee maker cleaner, such as dip-it* destainer.

Service Information

If you have any questions regarding the operation of your Presto® appliance or need parts for your appliance, contact us by any of these methods:

Inquiries will be answered promptly by telephone, letter, or email. When writing, please include a phone number and a time when you can be reached during weekdays if possible.

Any maintenance required for this product, other than normal household care and cleaning, should be performed by our Factory Service Department. Be sure to indicate date of purchase and a description of defect when sending an appliance for repair. Send appliances for repair to:

Canton Sales and Storage Company
Presto Factory Service Department
555 Matthews Drive, Canton, MS 39046-0529

The Presto Factory Service Department is equipped to service all Presto® appliances and supply genuine Presto® parts. Genuine Presto® replacement parts are manufactured to the same exacting quality standards as Presto® appliances and are engineered specifically to function properly with its appliances. Presto can only guarantee the quality and performance of genuine Presto® parts. "Look-alikes" might not be of the same quality or function in the same manner. To ensure that you are buying genuine Presto® replacement parts, look for the Presto® trademark.

Presto® Limited Warranty

This quality PRESTO® appliance is designed and built to provide many years of satisfactory performance under normal household use. Presto pledges to the original owner that should there be any defects in material or workmanship during the first year after purchase, we will repair or replace it at our option. Our pledge does not apply to damage caused by shipping. To obtain service under the warranty, return this PRESTO® appliance, shipping prepaid, to the Factory Service Department. When returning a product, please include a description of the defect and indicate the date the appliance was purchased.

We want you to obtain maximum enjoyment from using this PRESTO® appliance and ask that you read and follow the instructions enclosed. Failure to follow instructions, damage caused by improper replacement parts, abuse or misuse will void this pledge. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This is Presto's personal pledge to you and is being made in place of all other express warranties.
