

READ AND SAVE THESE INSTRUCTIONS

WARNING: A risk of fire and electrical shock exists in all electrical appliances and may cause personal injury or death. Please follow all safety instructions.

TAKE 2™ Coffee Maker

USE AND CARE GUIDE FOR
MODELS ME2DTMB, ME2DTMBCAN

IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against fire, electric shock and injury to persons do not immerse cord, plugs, or appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Contact Consumer Service for examination, repair or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may result in fire, electric shock or injury to persons.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- To disconnect, turn any control to the OFF position, then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Be certain lids are securely in place before operating appliance.
- Scalding may occur if the lid is removed during the brewing cycles.
- The thermal mugs are designed for use with this appliance. They must never be used on a range top.
- Do not use a cracked mug.
- Do not clean thermal mugs with cleansers, steel wool pads, or other abrasive material.

ADDITIONAL IMPORTANT SAFEGUARDS

WARNING: This appliance generates heat and escaping steam during use. Use proper precautions to prevent the risk of burns, fires, or other injury to persons or damage to property.

- Do not pour liquid other than water and the cleaning solution specified in this manual into the water reservoir.
- Coffee maker must be left to cool down for approximately 10 minutes before adding more water.
- DO NOT attempt to move an appliance containing hot liquids. Allow appliance to cool completely before moving.
- Always use fresh, cool water in your coffee maker. Warm water or other liquids, except as listed in cleaning section, may cause damage to the appliance.
- DO NOT lift filter basket lid until brewing is complete, and all parts have cooled.
- DO NOT put mugs into a microwave.

SAVE THESE INSTRUCTIONS

THIS PRODUCT IS FOR HOUSEHOLD USE ONLY.

CAUTION: A short power supply cord is provided to reduce the risk of personal injury resulting from becoming entangled in or tripping over a longer cord. Extension cords are available from local hardware stores and may be used if care is exercised in their use. If an extension cord is required, special care and caution is necessary. Also the cord must be: (1) marked with an electrical rating of 125 V and at least 10 A, 1250 W, and (2) the cord must be arranged so that it will not drape over the countertop or tabletop where it can be pulled on by children or tripped over accidentally.

POLARIZED PLUG: This appliance has a polarized plug, (one blade is wider than the other). As a safety feature to reduce the risk of electrical shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

ELECTRIC POWER: If the electric circuit is overloaded with other appliances, your appliance may not operate properly. It should be operated on a separate electrical circuit from other appliances.

Before Using Your Take 2™ Coffee Maker

CAUTION: Unplug from outlet. Turn power switch to OFF. The indicator light will be off.

IMPORTANT: Never place thermal mugs on a hot stove or in a microwave. Never let thermal mugs stand in water.

Before using your Take 2™ Coffee Maker for the first time, we suggest you become familiar with all of its parts. Read all instructions and cautions carefully.

Before brewing coffee, follow instructions for cleaning. See “Care and Cleaning,” page 8.

CAUTION: Do not immerse cord, plug, or coffee maker unit in water or other liquids.

Your product may vary slightly from illustration.

Parts Identification

FIGURE A

FIGURE B

Brewing

1. Plug into 120V ~ 60 Hz outlet.
2. Make sure unit is in the OFF position. The indicator light will be off.

IMPORTANT: Place coffee maker on a level surface.

3. Lift up the hinged water chamber lid and fill to desired level with cold, fresh water for the number of mugs (one or two), using the water level indicator inside the water chamber.

WARNING: When making one mug, do not fill above level 1.

IMPORTANT: If cream or milk will be added to mugs, use less water for brewing.

4. For optimal holding temperature, rinse the inside of mugs with warm water before brewing. Place lids securely on tops of mugs. Press down on the lids to ensure proper fit.

NOTE: You can brew either one mug or two mugs at once. Place mugs snugly on base of unit as shown in Figure A (for two mugs) or Figure B (for one mug). The contoured design on the base should be used as a guide for mug alignment.

5. Insert a #2 Melitta® paper cone filter into the removable filter basket and add coffee grounds. Use approximately 1 1/2-2 tablespoons for each mug of coffee. Close water chamber lid.

6. Press power switch ON. The indicator light will turn on.

CAUTION: Avoid contact with heated water.

IMPORTANT: Do not remove mugs until the indicator light has turned OFF. The indicator light will turn OFF approximately two minutes after brewing is complete. This delay will allow the last drops of coffee to flow into the mugs.

7. After indicator light turns off, mugs may be safely removed.
8. If brewing more than one cycle, allow unit to cool for 10 minutes between cycles.

Helpful Hints for Brewing

- Always use fresh, cold water for brewing. In areas with hard water or where water contains a high mineral content, use cold filtered water for optimal coffee taste.
- For best results, use Melitta® #2 paper cone filters and Melitta® Premium Fine Grind Roast Coffee.

Care and Cleaning

1. Make sure power switch is in the OFF position. The indicator light will be off.
2. Unplug and allow to cool completely before cleaning.
3. Open water chamber lid and lift up on the tab of filter basket. Discard any paper filter and coffee grounds.
4. Remove flow nozzle by turning counterclockwise a quarter turn and pulling down.
5. Wash removable filter basket, flow nozzle, mugs and mug lids in warm, soapy water. Rinse and dry thoroughly. Or, you may wash the mugs and lids in the top rack of a dishwasher.
6. Clean the outside of the coffee maker with a damp cloth.
CAUTION: DO NOT IMMERSE CORD, PLUG OR COFFEE MAKER UNIT IN WATER OR OTHER LIQUID.
7. Replace filter basket and flow nozzle for next use.

Descaling

We recommend that you descale your coffee maker once a month because mineral deposits can form a coating in the coffee maker, causing slower brewing time and possibly an off flavor in the coffee. Use a cleaner recommended for coffee makers. To descale your unit:

1. Pour two ounces of vinegar or coffee cleaner into the water chamber. Add cold water to the level 2 indicator.
2. Place a clean #2 Melitta® paper cone filter in the filter basket and close water chamber lid. Place both mugs in proper position on base of unit.
3. Follow “Brewing” instructions (without coffee).
4. When the indicator light turns off, wait 15 minutes and pour solution from mugs back into coffee maker. Be sure that the filter basket is still in proper position.
5. Turn unit on again. Allow all solution to empty into mugs. When indicator light turns off, discard solution.
6. Allow unit to cool 10 minutes. To rinse unit, fill chamber with fresh, cold water up to the level 2 indicator. Insert a fresh paper filter into filter basket. Close water chamber lid and turn power switch on.
7. At end of cycle, allow unit to cool, discard water and paper filter. Wash and dry mugs and other removable parts.
8. Unplug coffee maker from outlet. When coffee maker has cooled, wipe exterior with a damp cloth.

IMPORTANT NOTICE

If any parts are missing or defective,

DO NOT return this product.

Please call our Customer Relations Department for assistance.

LIMITED ONE YEAR WARRANTY

Warranty: This Melitta® product is warranted by Maxim-Toastmaster, Inc. to be free from defects in materials or workmanship for a period of (1) year from the original purchase date. This product warranty covers only the original consumer purchaser of the product.

Warranty Coverage: This warranty is void if the product has been damaged by accident in shipment, unreasonable use, misuse, neglect, improper service, commercial use, repairs by unauthorized personnel, normal wear and tear, improper assembly, installation or maintenance abuse or other causes not arising out of defects in materials or workmanship. This warranty is effective only if the product is purchased and operated in the USA, and does not extend to any unit which has been used in violation of written instructions furnished with the product, or to units which have been altered or modified, or to damage to products or parts thereof which have had the serial number removed, altered, defaced or rendered illegible.

Implied Warranties: ANY IMPLIED WARRANTIES WHICH THE PURCHASER MAY HAVE ARE LIMITED IN DURATION TO ONE (1) YEAR FROM THE DATE OF PURCHASE. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Warranty Performance: During the above one-year warranty period, a product with a defect will be either repaired or replaced with a reconditioned comparable model (at our option) when the product is returned to the Repair Center, or the purchase price refunded. The repaired or replacement product will be in warranty for the balance of the one-year warranty period and an additional one-month period. No charge will be made for such repair or replacement.

Service and Repair: Should the appliance malfunction, you should first call toll-free 1-800-233-9054 between the hours of 9:00 am and 5:00 pm Central Standard Time and ask for CONSUMER SERVICE stating that you are a consumer with a problem. Please refer to model number ME2DTMB or ME2DTMBCAN when you call.

In-Warranty Service (USA): For an appliance covered under the warranty period, no charge is made for service or postage. Call for return authorization 1-800-233-9054.

Out-of Warranty Service: A flat rate charge by model is made for out-of-warranty service. Include \$8.00 (U.S.) for return shipping and handling. We will notify you by mail of the amount of the charge for service and require you to pay in advance for the repair or replacement.

For Products Purchased in the USA, but Used in Canada: You may return the product insured, packaged with sufficient protection, and postage and insurance prepaid to the USA address listed below. Please note that all customs duty / brokerage fees, if any, must be paid by you and we will require you to pay the cost of customs duty / brokerage fees to us in advance of our performing any service.

Risk During Shipment: We cannot assume responsibility for loss or damage during incoming shipment. For your protection, carefully package the product for shipment and insure it with the carrier. Be sure to enclose the following items with your appliance: any accessories related to your problem, your full return address and daytime phone number, a note describing the problem you experienced, a copy of your sales receipt or other proof of purchase to determine warranty status. C.O.D. shipments cannot be accepted.

To return the appliance, ship to:

Attn: Repair Center
Maxim-Toastmaster, Inc.
708 South Missouri Street
Macon, MO 63552

To contact us, please write, call or email:

Limitation of Remedies: No representative or person is authorized to assume for Maxim-Toastmaster, Inc. any other liability in connection with the sale of our products. There shall be no claims for defects or failure of performance or product failure under any theory of tort, contract or commercial law including, but not limited to negligence, gross negligence, strict liability, breach of warranty and breach of contract. Repair, replacement or refund shall be the sole remedy of the purchaser under this warranty, and in no event shall Maxim-Toastmaster, Inc. be liable for any incidental or consequential damages, losses or expenses. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Legal Rights: This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
