Features

Automatic CDBCF Coffee Brewer

- Brews up to 15% more than standard brewers with patented "power boost."
- Improved brewing system has better temperature accuracy.
- Adjusts automatically to varying water pressure.
- Accommodates 1.9 to 3.8 liter airpots and 2.5 liter thermal servers with no base.
- Convenient airpots keep coffee hot and fresh for hours.
- Airpots are easily transported to remote meeting rooms, breakfast bars, etc.
- Quicker install saves up to 30 minutes. Cold brew lock-out and tank temperature set easily from advanced touch pad on front of machine.
- Faster field repairs and quick problem diagnostics by phone; built-in electronic sensors feed back information on brewer malfunctions.
- SplashGard® funnel deflects hot liquids away from the hand.
- Actual tank temperature may be monitored by activating touch pad display.
- Gourmet funnel model available for use with heavier throw weights of coffee.
