

Tiger Super Automatic Espresso Machine

Features

Model Tiger M Series

Dimensions: 23.8"H x 15.8"W x 17.1"D
(60.5 cm H x 40.1 cm W x 43.4 cm D)

Tiger M Series

- Up to 180 drinks per hour* from less than 16" of counter space.
- Intelligent modular brewing chamber adjusts espresso.
- Simulates Barista tamping and polishing motion to provide uniform extraction.
- Two-grinders for regular and decaf or other specialty beans.
- Pod brewing option standard on all models.
- Intuitive operational design. Easy to use control pad guides user through steps for making drinks.
- Easy daily cleaning.
- Innovative milk delivery system does not inject steam or water to dilute the foam so customers enjoy a full, rich flavor experience.
- Internal milk storage. Self-contained refrigeration system holds 1 gallon (4 litres) of your choice of milk.

*Results may vary based upon drink selection.
