EASY GUARD

computers.toshiba-europe.com

The Portégé M700 is the ultimate combination of notebook and Tablet PC. Driven by latest Intel® Centrino® Pro technology, it comes with a 12.1" widescreen display with excellent indoor and outdoor viewing performance, touch screen*, integrated DVD Super Multi drive and a wide range of communication capabilities including HSDPA/UMTS/3G*. Embedded Toshiba EasyGuard technologies represent a clever business choice and offer complete peace-of-mind. Experience exceptional versatility and enjoy perfect productivity at a twist of the display.

Maximised professionalism

Intel® Active Management Technology v 2.6 enables remote configuration, diagnosis and repair, power on and update over your company network, resulting in reduced downtime and fewer desk-site visits.

Maximised intuition

Capture hand-written notes and navigate swiftly through form-based or menu-driven applications with the Tablet Pen or with your fingertip thanks to touch screen technology*.

Maximised communication

You get everything on board, including webcam and microphone for cost-effective video and voice calling, 3G on selected models plus Toshiba ConfigFree™ for simplified wired and wireless communication.*

Maximised reliability

The HDD 3D Accelerometer combined with design improvements on hinge and display pegs provide industry-leading stability and reliability to ensure better protection of your data.

Express Port Replicator

Save time and wear-and-tear on your new system. Snap in and out to a full complement of ports.

Art. No. PA3508E-1PRP

22" TekBright Wide Display

Widescreen TFT monitor with fast response time (5ms), maximum resolution of 1680x1050 and superb display characteristics thanks to a high viewing angle and anti-glare layer.

Art. No. PA3553E-1LC2

On-Site Repair Uplift

Includes parts, helpdesk support and on-site repair labour, usually by end of next business day.
