Air Conditioner user manual

imagine the possibilities

Thank you for purchasing this Samsung product.

ESFI PDG No. PH RA DB98-29808A(2)

Safety Precautions

- **Before using the 7-day Scheduler, read the instructions carefully.**
- **After reading the instructions, keep this owner's instructions and the installation manual in a handy and safe place.**
- **Never attempt to install the air conditioner or to move the 7-day Scheduler by yourself.**

WARNING

- ◆ Do not attempt to install or repair the 7-day Scheduler by yourself.
- ◆ Always consult an authorized service personnel for repair.
- ◆ When moving, consult an authorized service personnel for disconnection and reinstallation of the 7-day Scheduler.
- ◆ Ensure that the wall is strong enough to support the weight of the 7-day Scheduler.
- ◆ The 7-day Scheduler must be installed with the rated power supply.
- ◆ In the event of a malfunction (burning smell, etc.), turn off the electrical breaker immediately, and consult an authorized service personnel.

CAUTION

- ◆ Do not use inflammable gases near the 7-day Scheduler.
- ◆ Do not let water into the 7-day Scheduler.
- ◆ Do not operate the 7-day Scheduler with wet hands.
- ◆ Do not install the 7-day Scheduler in a location where it will come into contact with combustible gases, machine oil, sulphide gas, etc.
- ◆ Do not press the buttons with a sharp object.
- ◆ Do not pull or bend the 7-day Scheduler cable excessively.
- ◆ Do not use the 7-day Scheduler for other purpose.
- ◆ Do not spray insecticide or other combustible substances on the 7-day Scheduler.
- ◆ Do not clean the 7-day Scheduler with benzene, solvents or other chemicals.
- ◆ Do not apply excessive force to the 7-day Scheduler or disassemble it by yourself.

Name of Each Part

The 7-day Scheduler is installed on the wall.

- Note**
- ◆ The 7-day Scheduler must be installed with a wired remote control.
 - ◆ The schedule function of the wireless remote control, wired remote control and the 7-day Scheduler can be used simultaneously and the air conditioner will operate according to each schedule.

Getting Started

You have just purchased a 7-day Scheduler and it has been installed by your installation specialist.

Your User's manual contains much valuable information on using your 7-day Scheduler. Please take the time to read them as they will help you take full advantage of the unit's features.

In the manual, you will find a series of step-by-step procedures for each function available.

If you connect the power cable, the 7-day Scheduler turns on and the Monitor Mode is selected automatically.

If you do not press any button for 20 seconds or press the [Return] button while in the Set Mode, the mode is changed to the Monitor Mode.

Once you set the On Time and Off Time on a specific day, they will run every week and the air conditioner will turn on and off every week on the same time.

The illustrations in the step-by-step procedures use three different symbols:

Setting the Present Day

Before setting the On Time, Off Time and the operating day, you should set the present day in advance.

- 1 If necessary, press the **Set Monitor** button for 3 seconds.

Result: ♦ **SET** is displayed and the mode changes to the Set Mode.

- 2 Press the **Present Day** button to select the present day.

Result: ♦ **SET** and flicker.
♦ Each time you press the **Present Day** button, moves to the right.

- 3 Press the **Enter** button to complete the setting.

Result: ♦ **SET** and stop flickering and the present day is selected.

Note ♦ Press the **Return** or **Set Monitor** button to cancel it during setting. You cannot cancel after pressing the **Enter** button.
