It can support picture, video, music, E-book, games, online chat and other functions, moreover, various settings will fully show your individuality.

This manual contains important safety and operating information in order to prevent accidents, please read this manual thoroughly and keep it for future reference.

(2). Safety precautions

- To use this Tablet safely, please read and follow the instructions in this manual carefully before use.
- Never use the Tablet while driving or when operating any vehicle, as this could cause an accident. It is also against the law in many areas. Take care when using the Tablet outdoors, especially when crossing the street.
- Do not listen to music at very high volumes using the earphones as this can permanently damage your hearing.
- Keep the Tablet clean and never store it next to a heat source or in dirty, humid or wet places. Keep it out of direct sunlight.
- Do not put the Tablet in high temperature places (over 40°C), especially not in a car with the windows closed in summer.
- Keep the Tablet away from strong magnetic fields.
- Please don't turn on the device in where the wireless equipment is forbidden or when the usage of the device will cause interference and danger.
- Press the Tablet's buttons gently. Pressing them or the screen too hard can damage the Tablet.
- Do not use the Tablet in an electronics-prohibited area, such as in an airplane.
- Do not use the Tablet in an extremely dry environment, as this can lead to static discharge, which can damage the Tablet.
- Do not subject the product to harsh impacts.
- Do not drop the appliance. This may result in damage to the product.
- Do not attempt to dismantle or repair this unit yourself, Repairs should only be performed by qualified personnel only.
- We will not be responsible for any memory loss caused by product damage, repairs or other reasons.
- Disconnect the appliance from the power source when cleaning.
- In order to prevent program failure, never disconnect the Tablet suddenly from a PC during downloading, uploading or formatting to prevent program failure.
- Use a slightly damp, lint-free cloth to clean this appliance. Do not dismantle the Tablet or use alcohol, thinner or benzene to clean the surface of the Tablet .

(5)Installing the Memory Card (TF card) This device can read files directly from a memory card (TF card/Micro SD card). To install a memory card, find the card slot on the top edge of device and then insert the card into the slot in the correct orientation. To access the files stored in the memory card, enter the file explorer mode by tapping the File Manager icon and select the "External_SD" directory.

Note: SD Card in this mode refers to the internal memory of the device, instead the SD card itself.

(6)Connecting to PC for transferring files When using the tablet, you may need to transfer various files between a PC and it.

(1) Connect the device to a PC with the supplied USB cable.

(2) Once the connection is done, two removable disks will appear on your PC.

(3) Turn on 'USB connection', and then tap one removable disk to open the drive. Now you can copy files from the

PC to the device.

(7)Home Screen

The Extended Home Screen

The Home Screen consists five separate screens for positioning the shortcuts, widgets etc.. Slide your finger left or right on the screen to go to the extended screens.

- a.App tab- Open the apps menu.
- b.Return button
- c.Home button- Go to Home screen.
- d.Recent opened apps
- e.Battery level

Unlock the Screen

The screen will be locked after the device is idle for a few seconds. You need to unlock the screen by dragging the lock icon rightwards.

Customizing Home Screen Items

- To add a Home Screen item (shortcut, widget etc.), you can tap the application icon to display all applications and widgets, then hold your tap on an item to place it on the home page.
Note: If current page of Home Screen has no enough room for a shortcut or widget, you will be prompted that there is no more room.
- To move a Home Screen item, hold your finger onto it to highlight it, then drag it to the desired location, and release it.
- To remove a Home Screen item, hold your finger onto it to highlight it, drag it to the recycle bin symbol "X" and then release your finger.

5

(8)Install Applications

You can install applications manually by the following methods:

- (1) Download and install the installation file directly from the built-in application library. Make sure the file is in format of .apk which is supported by your Internet Tablet system.
- (2) Copy the installation file to your Internet Tablet by USB connection. Turn on the Internet Tablet, locate the installation file with the FileManager and then tap it to install.
- (3) Once the application is installed successfully, you can find it in the application page.

(9)Uninstall Applications

- (1) Tap the Settings shortcut in the apps screen to display system settings.
- (2) Select "Apps".

- (3) Tap on the application that you want to uninstall.
- (4) Tap on "Uninstall" to uninstall the application.

(10) Managing Tasks and application

Your device can handle multiple tasks at the same time. For example, you can view photos while listening to music. Multitasking is helpful but inefficient if too many tasks are running. In order to save system memory and enhance system performance, you can end some tasks that you don't use at the moment.

- (1) Tap  to display applications that you used recently.
- (2) Hold your tap on the application that you want to stop, and then select "Remove from list".
