

My FCHL 2 – User Guide

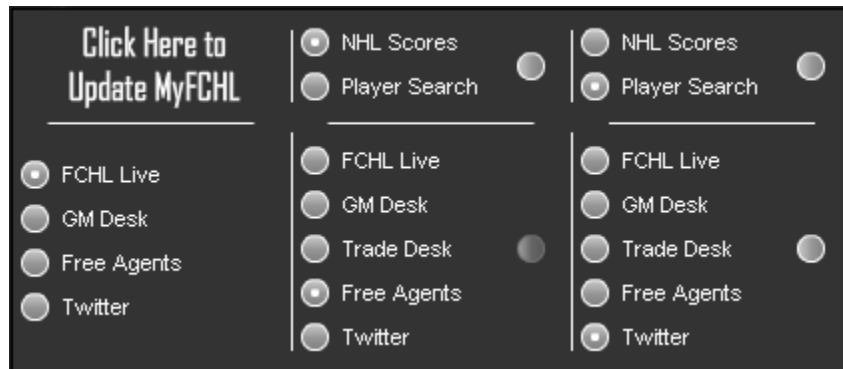

Finally, My FCHL 2 has arrived! With greatly increased functionality comes the need for a bit of instruction.

Step 1: Logging on – that should be simple enough. Don't rush through the login though, the FCHL Twitter Feed is displayed before you login and important information will be posted there regularly. Owing to FCHL Twitter's inclusion in My FCHL 2, Twitter is now considering a legal form of communication between the Commissioner and the Owners.

Step 2: When you first logon, My FCHL 2 will display your default view. The first time, that will be FCHL Live, by itself. However, the strength of My FCHL 2 is that you can customize your FCHL experience by changing what you view quickly and easily. My FCHL 2 loads every feature on opening, so you won't experience any delay switching between say, Live, a Free Agent List, or the Twitter feed.

Step 3: It gets better. My FCHL 2's user customization allows you to view up to 5 features in 3 screen sections at any given time.

Click the My FCHL  logo on the top left corner to open your customization menu.

Here you can choose exactly what you want to see. Obviously you'll use each feature over time, but My FCHL will save your previous display choices so you get the most out of your software right when you open it.

The Commissioner's customization of choice? Two screens - showing Live, GM Desk, and NHL Scores.
