

## BusLink Menu 780-496-1600

For route and schedule information you need the four digit number of the bus stop you will be using. You can get this number from your ETS route brochure, the ETS web site, or by noting the number on the bus stop sign itself. Low Floor Bus Information and School Special route information is now available on BusLink. Trips that are serviced by low floor buses are noted immediately following the announced schedule times.

### ① Schedule Information
