(Instructions only available in English)

- 1. In order to use the Hermes Hybrid Viewer PDR software you must have Citrix Receiver software installed on your computer. If you already have Citrix Receiver on your computer skip to Step # 10.
- 2. Open your web browser (preferably Firefox) and enter the following address or click on the hyperlink: <u>http://www.citrix.com/go/receiver.html</u>
- Click on Download Receiver 4.2 for Windows (if you have a Mac computer go to "Where can I download Citrix Receiver on other platforms and devices" and chose Mac.

4. Click Save File

15. Congratulations. The HERMES Hybrid Viewer PDR[™] Examples will now be visible. Important: Only one person at a time will be able to use the site. When you complete your session, you must close all running applications as this will ensure

the next candidate will start fresh – at the actual Launchpad.
