

**WiFi Tools & Troubleshooting Seminar
July 24th, 2012 – Calgary, AB**

This WiFi Tools and Troubleshooting Seminar will provide the attendees a detailed view of the Fluke Networks AirMagnet WiFi product line and highlight how to address WiFi challenges by using the latest tools and troubleshooting techniques.

Seminar highlights:

- Troubleshooting and verification using the AirCheck WiFi tester
- Plan and deploy a/b/g/n wireless networks using the AirMagnet Planner
- Design and deploy wireless LANs for optimal performance, security and compliance using the AirMagnet Survey
- Proactively identify and find sources of RF interferences using the AirMagnet Spectrum XT

Tony will also include interesting information about 802.11 fundamentals, WiFi network design, WiFi today, top complaints regarding WLAN networks and WLAN lifecycle tools

The tools and programs that will be used and demonstrated in the class are:

- AirCheck • AirMagnet Planner
- AirMagnet Survey
- AirMagnet Spectrum XT
- AirMagnet WiFi Analyzer
- AirMagnet Magnet Enterprise

Cost: Free with registration

1st session: 9:00AM to 12:00 noon

Lunch 12 noon to 1PM

(Morning and afternoon session attendees are both welcome to join us for lunch)

2nd session: 1:00 PM to 4:00 PM

Wrap up reception 4:00PM to 4:30PM

Location & Contact Information

SAIT Polytechnic (Southern Alberta Institute of Technology)
Orpheus Theatre
Campus Centre Building
1301-16 Avenue NW
Calgary, AB
T2M 0L4

Parking

Parking is also available at any of the parking lots on campus. The closest parking lots are P2, Jubilee/ACAD and P1. P2 is directly in front of the Campus Centre. If you're parking at the Jubilee/ACAD and P1 parking lots, follow the pathway across the LRT tracks towards the Campus Centre. You'll see the Gateway sign and our gigantic patio on your left as you walk up the pathway.
