E-mail	test@test.com

Register

2. Logging in

1. Start the program and click the "Login" text

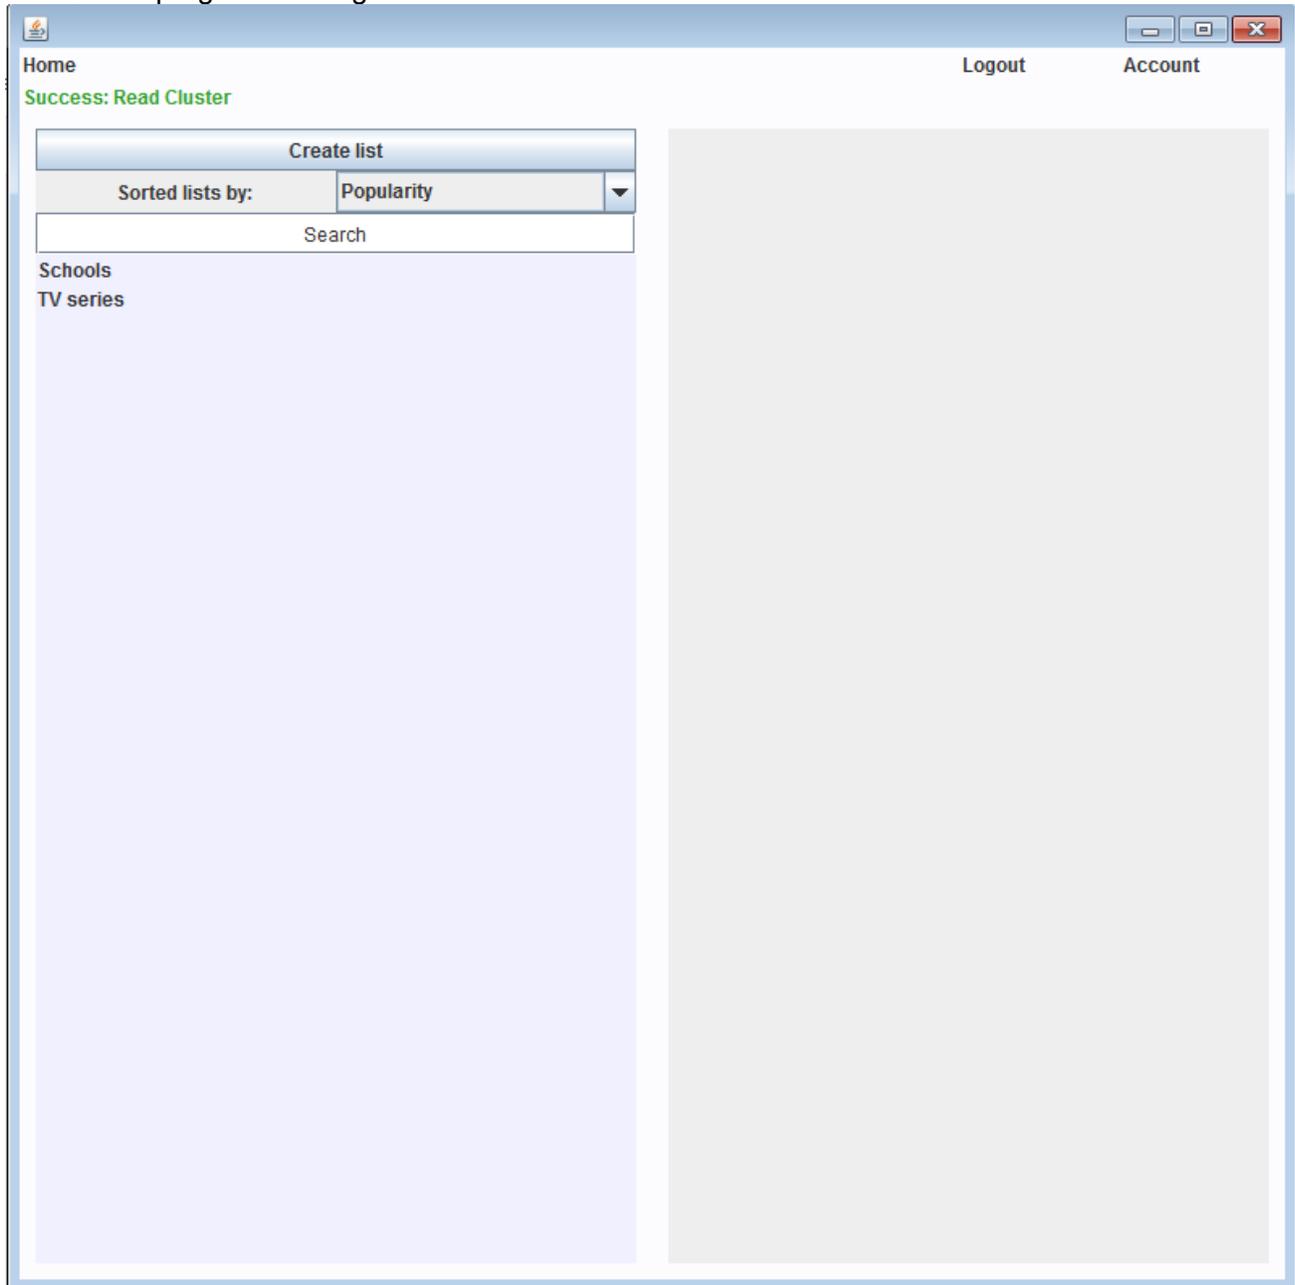

2. Enter your details and click the "Login" button

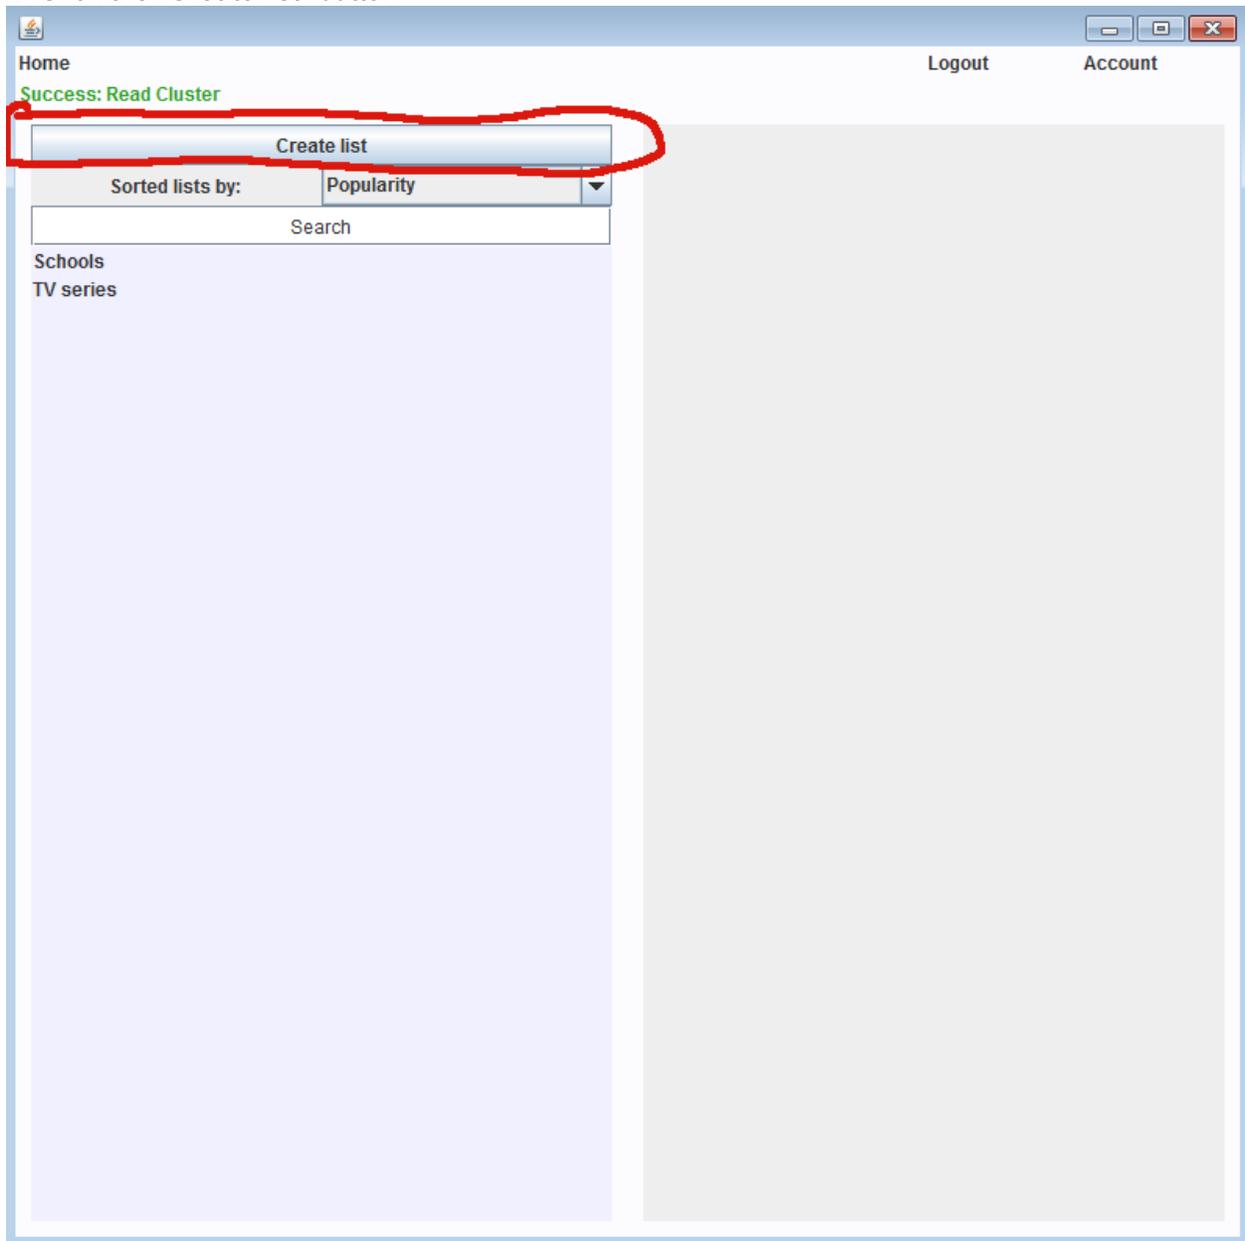

The image shows a web browser window with a light blue title bar. The page content includes a navigation bar with "Home" on the left and "Login" and "Register" on the right. Below the navigation bar, there is a green message that says "Success: Read Cluster". The main content area is a light gray rectangle containing a login form. The form has two input fields: "Username" with the text "Test" and "Password" with four black dots. Below these fields is a blue "Login" button, which is circled in red. The browser window also shows standard window control buttons (minimize, maximize, close) in the top right corner.

3. Creating a list

1. Start the program and login

2. Click the "Create list" button

3. Fill in a list name and as many entities as you wish and click the “Create List” button

Create list

4. Your new list now shows up in the listview

4. Creating a criteria

1. Start the program, login and select a list

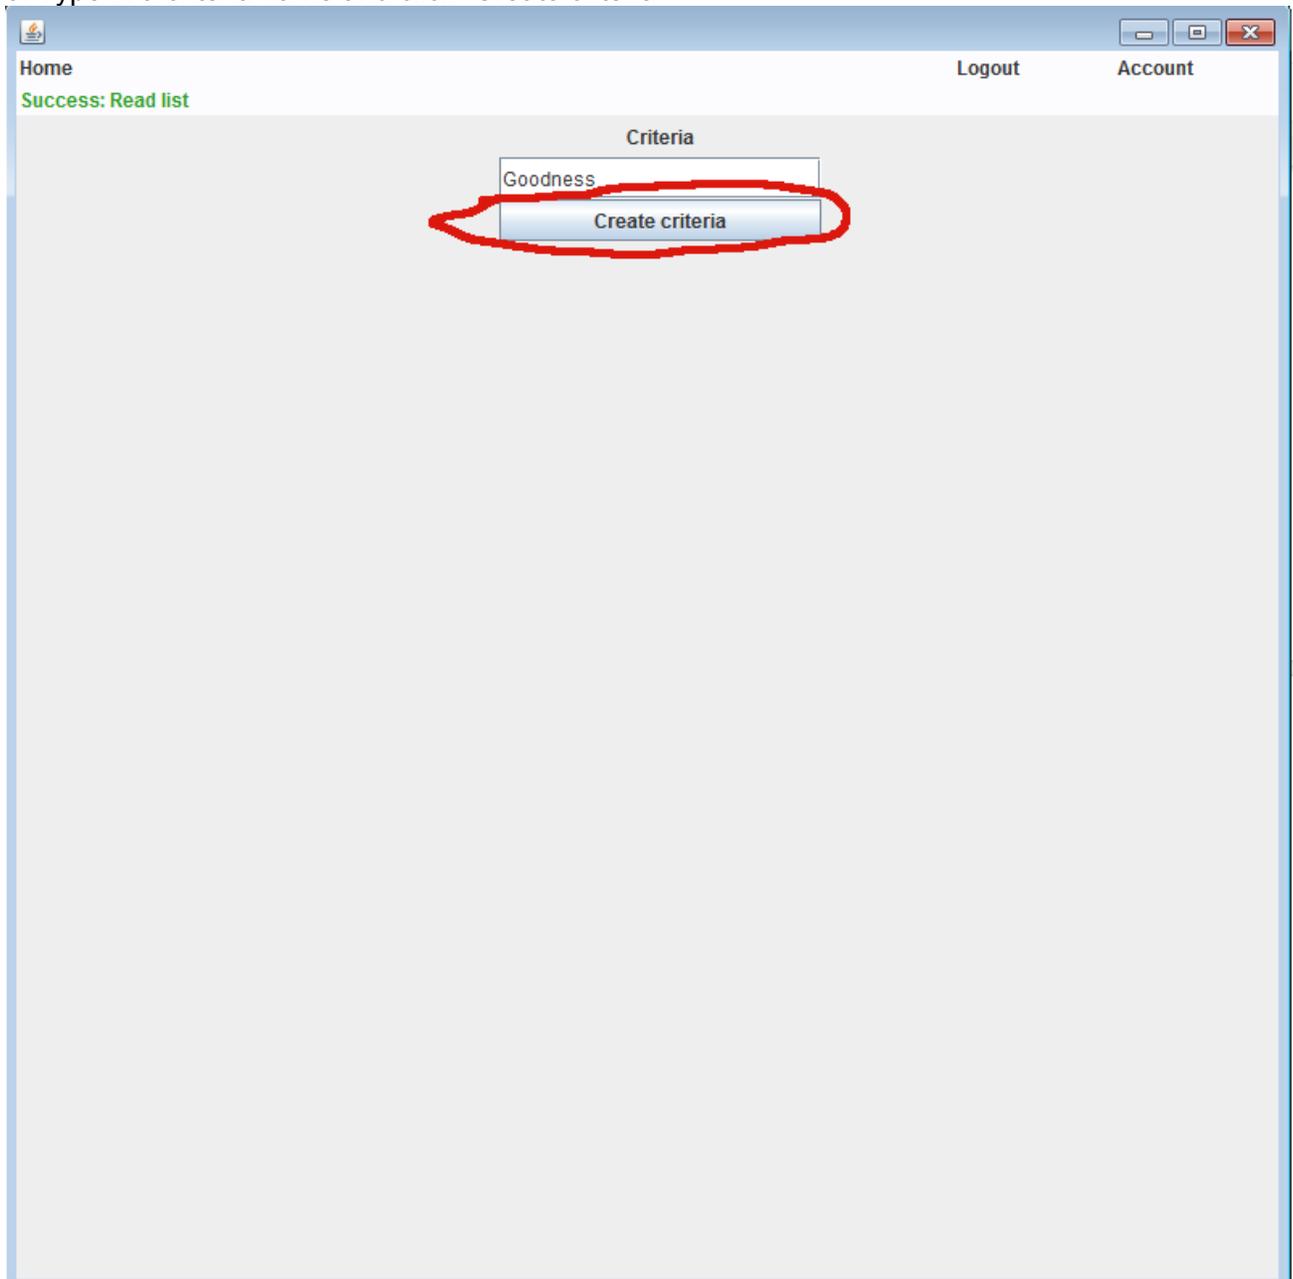

The screenshot shows a web application window with a light blue header. On the left, there is a 'Home' link and a green message 'Success: Read list'. On the right, there are 'Logout' and 'Account' links. The main content area is split into two columns. The left column is titled 'Create list' and contains a dropdown menu for 'Sorted lists by:' set to 'Popularity', a search bar, and a list of items: 'Schools', 'TV series', and 'Stuff'. The 'Stuff' item is highlighted with a red circle. The right column is titled 'Create criteria' and contains a dropdown menu for 'Sorted by Criteria:', a search bar, and a list of items: 'Good stuff', 'Bad stuff', and 'Medium stuff'.

Create list		Create criteria	
Sorted lists by:	Popularity	Sorted by Criteria:	
Search		Search	
Schools		Good stuff	
TV series		Bad stuff	
Stuff		Medium stuff	

2. Click the "Create criteria" button

The screenshot shows a web application window with a blue header bar. On the left, it says "Home" and "Success: Read list". Below this is a "Create list" section with a "Sorted lists by:" dropdown menu set to "Popularity" and a "Search" input field. A list of categories is shown: "Schools", "TV series", and "Stuff" (which is highlighted). On the right, there are "Logout" and "Account" links. Below them is a "Create criteria" button, which is circled in red. Underneath is a "Sorted by Criteria:" dropdown menu and a "Search" input field. A list of categories is shown: "Good stuff", "Bad stuff", and "Medium stuff".

3. Type in a criteria name and click "Create criteria"

5. Voting

1. Start the program, log in and select a list

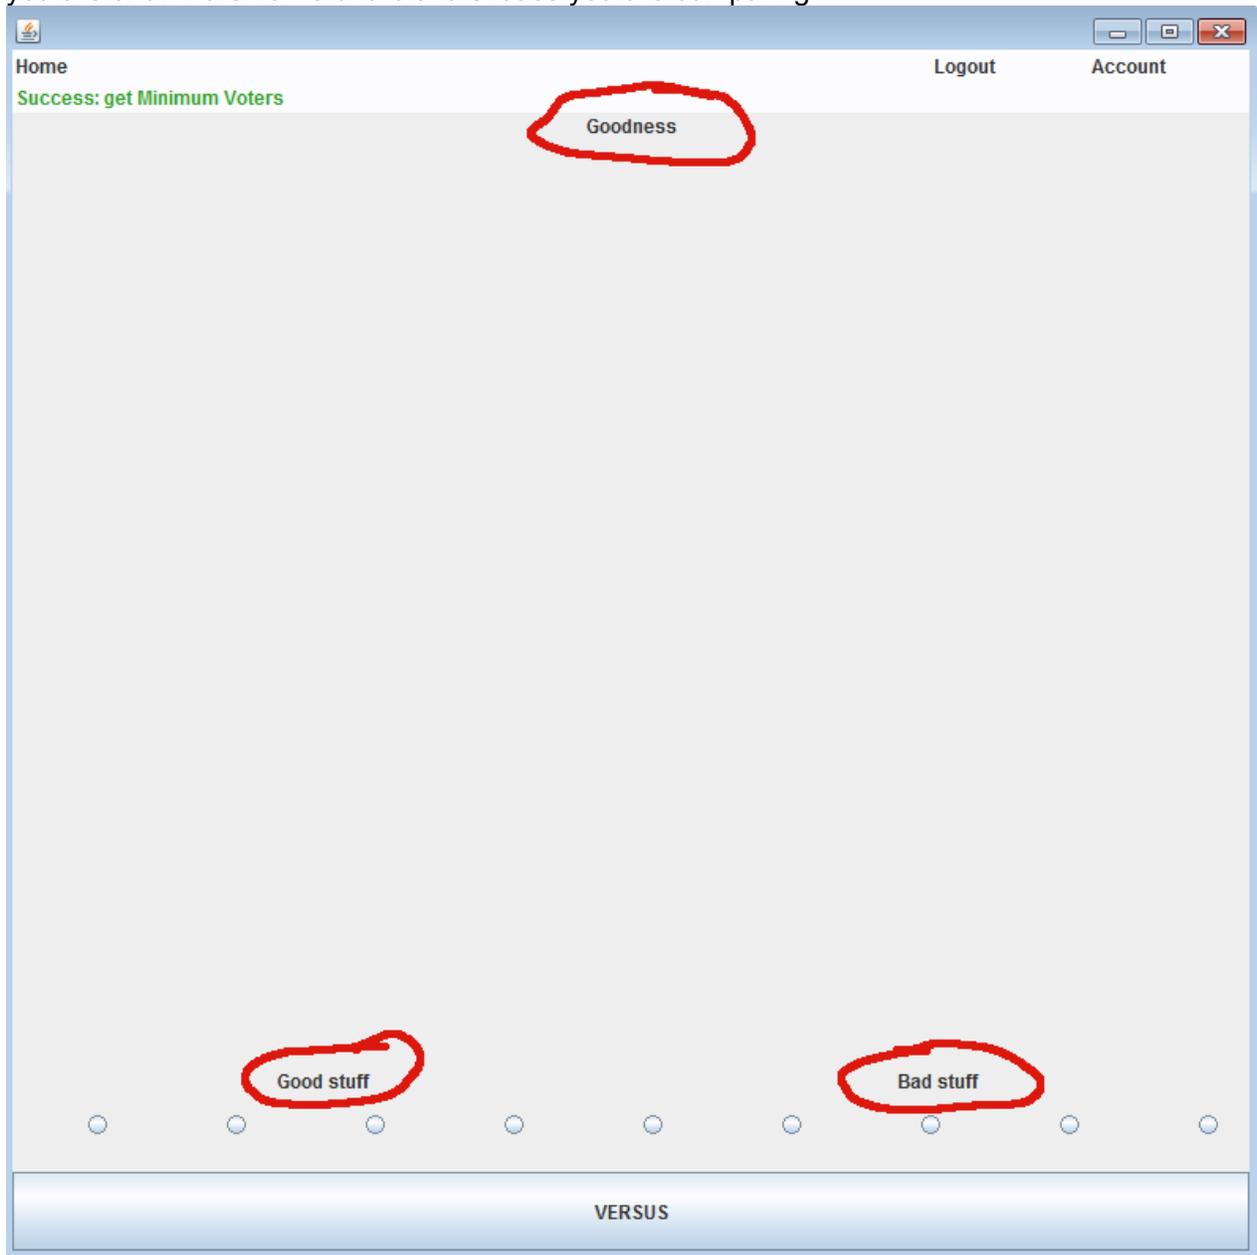

The screenshot shows a web application window with a blue border. At the top left, there is a "Home" link and a "Success: Read list" message. On the top right, there are "Logout" and "Account" links. The main content area is divided into two columns. The left column has a "Create list" header, a "Sorted lists by:" dropdown menu set to "Popularity", and a search box. Below these are three list items: "Schools", "TV series", and "Stuff", with "Stuff" highlighted in blue and circled in red. The right column has a "Vote" header, a "Sorted by Criteria:" dropdown menu set to "Goodness", and a search box. Below these are three list items: "Good stuff", "Bad stuff", and "Medium stuff".

Create list		Vote	Create criteria
Sorted lists by:	Popularity	Sorted by Criteria:	Goodness
Search		Search	
Schools		Good stuff	
TV series		Bad stuff	
Stuff		Medium stuff	

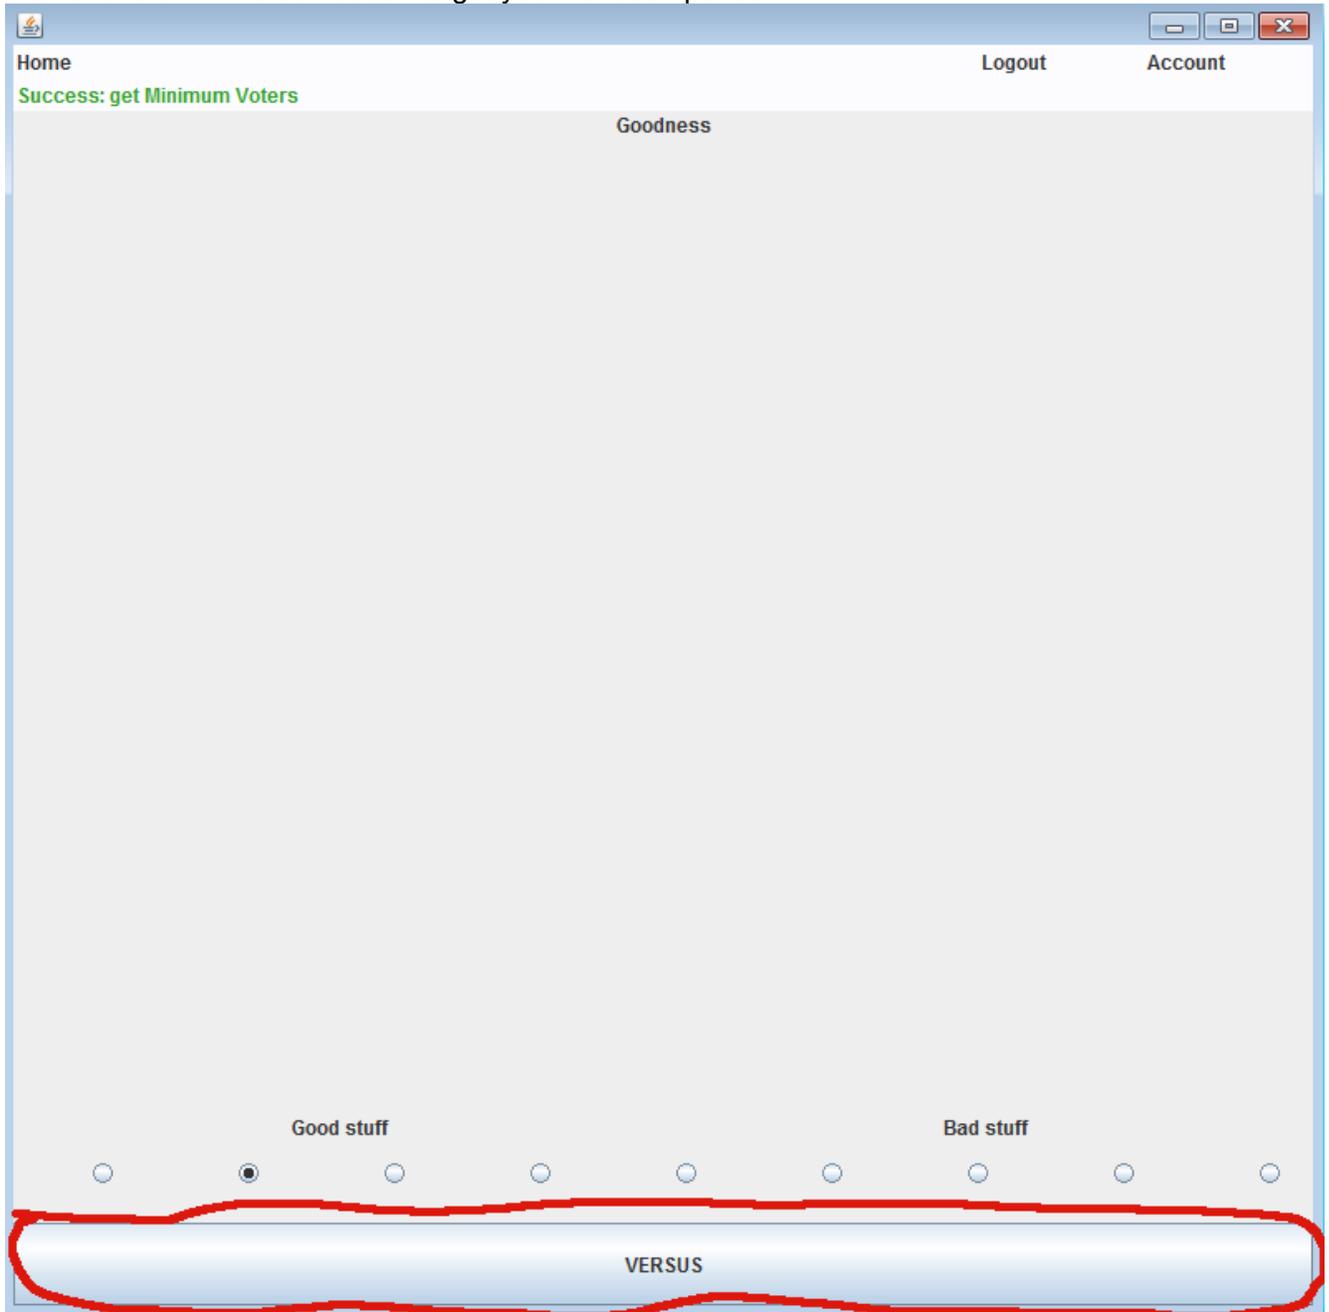

2. Click the "Vote" button

The screenshot shows a web application window with a blue header bar. On the left, there is a 'Home' link and a green notification that says 'Success: Read list'. On the right, there are 'Logout' and 'Account' links. Below the header, there are two main panels. The left panel has a 'Create list' button, a 'Sorted lists by:' dropdown menu set to 'Popularity', and a search bar. Below these are three list items: 'Schools', 'TV series', and 'Stuff', with 'Stuff' highlighted. The right panel has a 'Create criteria' button, a 'Sorted by criteria:' dropdown menu set to 'Goodness', and a search bar. Below these are three list items: 'Good stuff', 'Bad stuff', and 'Medium stuff'. A red circle highlights the 'Vote' button located between the two panels.

3. At the top you are shown which criteria you are considering and at the bottom left and right you are shown the name of the two entities you are comparing.

4. Select which one you think fits the criteria best by selecting one of the dots at the bottom, then click the "VERSUS" button to get your next comparison.

5. Keep doing this until you've completed all the comparisons, then you may return to your home menu but clicking the "Home" button
