

# Universal Notebook Docking Station

## iConcepts M10617-MB

### User Manual

#### Introduction

##### 1. Product Brief

The Universal Notebook Docking Station is your first choice for an all in one notebook cooling/expansion solution. It can efficiently decrease the overall temperature of your notebook and protect it from over-heating while simultaneously adding additional ports for expansion and convenience. The Universal Notebook Docking Station, when used, will keep your notebook cool. This will help it to run more efficiently thereby increasing its useful life and making it run faster. It will also provide excellent and abundant expansion by adding several ports, listed below, all running off an available USB port. When using your notebook, please make sure that you use our Universal Notebook Docking Station at the same time, it is worth every cent!

##### 2. Features:

- Power source: USB 5V/DC Jack 5V
- Lightweight and easy to carry
- 9x1 memory card reader: support CF, MD, SMC, XD picture, MS, MS Pro, MS Duo, SD, MMC
- 2X USB 2.0 ports and 1x USB 1.1 port
- 2x PS/2 port
- Two Silent Cooling Fans with on/off switch
- Two Built-in retractable speakers with on/off switch
- Audio Jack
- Environmentally Friendly Design

##### 3. Hardware Installation

- Take out the Universal Notebook Docking Station, put it onto an even surface such as your office desk.
- Put the Notebook onto the Docking Station gently and horizontally.
- Connect Notebook and the Docking Station with the attached USB cable and audio cable
- Turn on the power, then, the whole procedure is completed.
