SUPPLY AND CONTRACTING OPPORTUNITIES ON THE GORGON PROJECT USER GUIDE FOR REGISTERING EXPRESSIONS OF INTEREST USING THE PROJECTCONNECT WEBSITE

Introduction

The Gorgon Project plans to develop the Greater Gorgon gas fields located 130km off the north-west coast of Western Australia. The Greater Gorgon gas fields contain resources of about 40 trillion cubic feet of gas, Australia's largest known gas resource. The project is being pursued by the Australian subsidiaries of three leading international energy companies: Chevron, ExxonMobil and Shell.

ProjectConnect is an online system designed to provide direct web-based communication between buyers and suppliers. It is a free service and retains only the profiles of companies with representation in Australia. Companies represented in Australia are able to create a company profile on ProjectConnect and attach this profile to their registration for projects listed on the website. This supplier registration system is administered by the Industry Capability Network of WA (ICNWA) who may be contacted on 08 9365 7623.

To register your interest in the Gorgon Project please log on to the ProjectConnect website and follow the steps detailed below.

STEP 1 - How to Register for the Gorgon Project

- 1.1 Access the ProjectConnect website www.projectconnect.com.au
- 1.2 Click on the State to view current projects.

1.3 Locate the Gorgon Project from the list of Projects and Click "View Project" button.

1.4 Click on the sub-heading of interest under "REGISTER FOR SUPPLY OPPORTUNITIES".

 What would you like to do? Carry on without attaching a full company profile to your registration. You do not need to attach a full profile on your company to continue with your registration. However, please note that project buyers are given access to attached profiles. CONTINUE >> Create a full company profile to attach to your registration By creating and attaching a full company profile you will be able to make changes to your registration at a later date. It will also save time for future project registrations. We therefore recommend all companies create a profile first. To Create a profile Complete the Company Profile application. Search for your company profile on the selected project and click the Use Profile button. 				
3. Register your capabilities	Internet			

2.3 If you wish to complete the Company Profile application, then click on the link "**Company Profile Application**" and select "**Yes**" or "**No**" to the question below

- 2.4 If you answered No to this question, please click on the link "CONTINUE REGISTRATION WITHOUT ATTACHING A COMPANY PROFILE" and follow the instructions in Step 1.10 to complete your registration.
- 2.5 If you answered Yes to this question, please follow the prompts and enter details in <u>all fields highlighted</u> <u>with red borders or text</u>
- 2.6 Make a note of your Username and Password (please retain for future updates to your profile)
- 2.7 Click on the "Create Profile" button.
- 2.8 Your company Profile is now active and you can now register for opportunities on the Gorgon Project
