

Composition	An odourless, colourless, water-soluble lubricating jelly, preserved with Chlorocresol B.P. 0.1% w/w.
Actions	A non-irritating lubricant, which is safe for use on the skin and will not damage metal, rubber or plastic instruments.
Indications	For lubrication of catheters, probes, specula and other instruments, or hands and gloves during obstetric and gynaecological examinations. Vaginal lubrication with Clinigel is effective in alleviating dyspareunia or vaginal dryness.
Contraindications	Known hypersensitivity to chlorocresol.
Precautions	Not to be used by persons sensitive to chlorocresol.
Adverse Effects	Clinigel is normally well tolerated, but should skin irritation occur, discontinue use.
Directions for Use	Apply to instruments and/or hands prior to use and as required.
Storage	Store below 30°C.
Poison Schedule	Not scheduled using the criteria in the Standard Uniform Schedule for Medicines and Poisons.
