

## Overview

The A-BUS infrared mini remote control is designed to work with products using standard A-BUS remote control commands. It includes the following commands;

1. Volume DOWN
2. Volume UP
3. Input source 1
4. Input source 2
5. Input source 3
6. Input source 4
7. Zone/module OFF
8. System OFF

Operating Range : >10M (30ft)\*

Size : 8.7 (3.4) x 3.3 (1.3) x .7 (0.3) cm (in.)

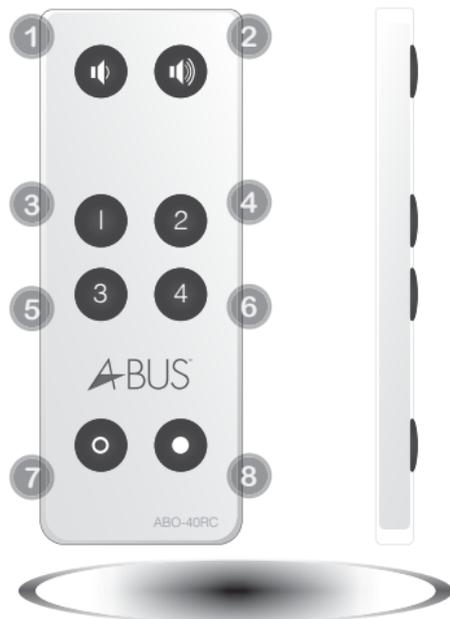

Battery : 3V (CR2025)

Frequency : 38kHz

\* The maximum operating range of the remote control can be reduced by other infrared light sources such as sun light and some lighting systems. Make sure there are no obstructions between the remote control and the A-BUS infrared receiver.
