

HYDROWAVE

Operating Instructions:

To Power On: Press and hold the power key until the red LED light appears, then release button.

To Play a sound: Press the Play/Pause button. When the light is blinking slowly it is playing. Press again to pause, and the light will blink rapidly.

To Change Sounds: Press the power button once and the LED light indicator will switch to the sound being played. Then press the play button to play.

The + and – button control the volume.

DO NOT SUBMERGE THE CONTROL UNIT. ONLY THE SPEAKER IS TO BE SUBMERGED.
