GBT100 – Heated Towel Rail Timer

OPERATING INSTRUCTIONS

Warnings & Safeguards

1. Children should be supervised to ensure they do not play with the timer.
2. This timer is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Operation (Pre-set function)

When you first turn the heated towel rail on, this will automatically use the timer's pre-set function.

Pre-set function - The heated towel rail will turn on and remain on for a period of 4 hours, followed by 8 hours off.

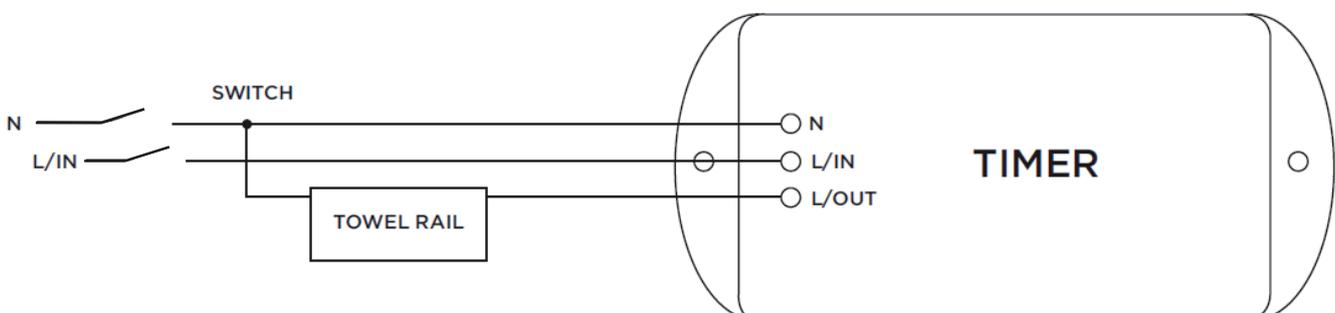

Programming:

You can increase the ON period in increments of 1 hour by turning the heated towel rail off at your switch then on again within 10 seconds of first turning the rail on. Each repetition of this on/off sequence will increase the ON period by 1 hour (maximum of up to 11 hours).

If you would like to restore the pre-set 4 hour setting, discharge all of the electricity and power in the timer by turning the heated towel rail off for 60 seconds (this will clear the memory). To reset the timer, turn the heated towel rail on again.

Important Notes:

- This timer must be installed by a licensed electrician – Warranty will otherwise be voided
- Do not megger test as this can damage the timer
- The GBT100 timer is designed only to be used as a heated towel rail timer and should not be used for any other purpose
- The maximum load is 1000 Watts at 230-240V AC ~ 50Hz
- The timer is designed and should be installed and concealed behind the heated towel rail's switch in a typical wall cavity flush box
- There are no user serviceable internal parts in this product, and should damage or malfunction occur, please return to the manufacturer for repair or replacement
- Wiring size: 1.0mm²
- All pole disconnection must be required in fixed wiring
- Earth loop should be continued on all class 1 appliances

ONE YEAR WARRANTY

Your Goldair product has been inspected and tested and is guaranteed subject to the following for a period to one year from the date of purchase against defects in workmanship and materials. During this period, such defects will be rectified by repair or replacement of the product purchased. Your product contains no user serviceable components and this warranty becomes invalid if in our opinion the product has been misused, abused, incorrectly installed, tampered with, connected to an electrical supply not corresponding with the name plate specification, or subjected to power surges. The warranty does not include any labour or other associated expense that may be involved in removal or installation of the product. Normal wear and tear is expressly excluded.

If your Goldair product fails to operate satisfactorily, please return it to the retailer from whom it was purchased. To obtain a repair or replacement product under this warranty, you will need to produce satisfactory evidence of date of purchase. The completed warranty and purchase receipt must be presented with the product. The warranty should be filled out at the time of purchase. It is in your interest to make sure this is done.

If the product is to be replaced (cannot be repaired) then that replacement will be of the same or similar product or accessory excluding packaging, instruction card etc. Where a replacement product is supplied, this shall be guaranteed for the balance of the original warranty period.

Any model that is no longer available will be replaced by a model of a value and with such features as we consider appropriate in the circumstances. Goldair Ltd is not responsible for freight forwarding charges, losses or damage in transit.

If service is required after the warranty period has expired, the product should be returned to a qualified electrical technician. Service outside of the warranty period will be at your cost.

Consumers Guarantee Act (1993).

In accordance with the above act consumers are advised that: The manufacturer does not undertake that repair facilities and parts are necessarily available for this product.

If any of the provisions of the foregoing are contrary to any relevant legislation, then that provision shall be deemed to be excluded from the warranty and the rest of the provisions will continue to apply.
