This user manual contains important safety instructions and information for proper use of the device. Please follow the instructions in this manual carefully.

**A** Please keep the device away from places with high temperatures,  
high humidity or dust.

**B** In particular please avoid leaving the device in the car during summer if the doors are closed.

**C** Avoid shocks and do not let the device fall, as otherwise it may cause damage to the device.

**D** The Standby Time of the batteries may vary due to different environmental influences.

**E** We are not responsible for data losses that are caused by damage to the product, repairs or any other reasons.

**F** Do not open the housing of the device. Doing this will void your warranty claims.

**G** Do not use alcohol, thinners or petrol to clean the display  
– use only a dry cloth.

## **Description of the buttons**

### **Volume Buttons:**

Here you can increase or reduce the volume.

### **Power Button:**

Press the button for two seconds to switch on or switch off

the device. Press the button briefly to activate or end the Standby-Mode. Reset: Press the button for seven seconds to restart the device.

### **ESC Button:**

To go back to the previous menu
