MI / SWN MISSION MATCHING SERVICE

Helping Agencies connect with Enquirers

BASIC PARTNER USER MANUAL

Introduction

The MMS provides an initial interface between Enquirers and Agencies where serious Enquirers can easily investigate a wide range of mission opportunities. The MMS is a mission "one stop shop" where people who are serious about mission but uncertain about a destination or ministry opportunities can use the websites for research because they understand that information from many diverse agencies is available in one place to help them make decisions.

The website incorporates:

- > A web link to your site with a brief description of your agency and contact details.
- A "Top Needs" facility where you can enter details of up to 5 opportunities suitable for a range of ages on-line for regular update and management.
- A "Short term Teams" facility where you can enter details of up to 5 teams on-line for regular update and management.

This manual has been designed to help you:

- > Login for the first time and enter your agency contact details
- > Update the information thereafter
- > Enter your Top 5 Needs for personnel
- > Enter your Short term teams information

If you have any questions, please contact the Second Wind office on (07) 38436610, or Email admin@secondwind.net.au, or Skype second_wind_network. If you need help in entering your data we are able to walk you through the process live on Skype, or phone.

1. Getting Ready (for new partners only)

As a Partner of the MMS, your agency has been allocated a **Username and Password** which will allow you to access the software program for the first time to enter your agency's profile information. You will be able to change these to suit yourself once you have logged into the program.

At present your agency is in the system but INVISIBLE to enquirers.

Before you login to the system, you will need to have certain information ready for data entry. Once your agency has been activated in the MMS database, it is in your interests that your data is all entered as soon as possible; so that the MMS Administrator can make your agency visible to enquirers. Therefore we advise the following process:

- 1. Collect the necessary data on the blank worksheet supplied in the appendix.
- 2. Set aside 10-15 mins to enter the data.
- 3. Contact the MMS Administrator to make your database information VISIBLE.

A blank worksheet is attached as a separate Word document to help you compile your data.

The **Top Needs** and **Teams** sections can be completed independently, as they do not form part of your profile for matching purposes. But once your profile is entered, it is in your interests to also list your top needs and teams.

2. Getting Started

Go to Second Wind website homepage - http://www.secondwind.net.au or to

the Missions Interlink Opportunities section - http://www.missionsinterlink.org.au/opportunities.

Click on the Partner Login button located in the Sidebar. The Login page will display.

An alternative Login is a sub-menu item under *Partners* on the SWN site

The Contact Information is pre-filled from your profile, but can be edited in the next screen for each position if desired. Each position is displayed for 6 months, after which it will automatically expire and not be displayed in the List Of Top needs as viewed on the SWN & MI Websites.

Check this list regularly, and if you want to renew a position, just open it in the edit screen and save it again. If a position has expired, the Date Entered and Exp* column data will be in **red print** to alert you.

NB: The Top Needs should cover a range of age groups, not just under 40 or over 40s. You should also review these regularly and change the entries to new positions, so that that the same old entries are displayed *ad nauseum*. Otherwise enquirers may stop looking for these Top Needs if they are stale. **Be creative!!**

Either select a Top Need to edit (or delete) and click on the Enter/Edit/Delete button to display the selected Top Need for editing..

If no selection is made click on the Enter/Edit/Delete button to display a"blank" screen for entry of a new Top Need.

Use the **Vacancies web address** to link to either your website's list of vacancies, or better still to the page describing this particular position.

Ensure that the **Short Description** is succinct but compelling so that, it will provide sufficient information for an Enquirer to want to investigate further. It is displayed in the first page that enquirers can view, and the Full Description is displayed on the next page with a lot more information including an email enquiry form.

Enter a much longer Job Description in the **Full Description** box, which will provide an enquirer with sufficient information to want to pursue the enquiry further, including sending an enquiry email. You can repeat the Short description as part of this, at your discretion.

After entering the information, a review screen will be displayed for you to check your entry before finally accepting it.

If you notice an error, it is best NOT to Go Back, but Save the entry and then edit it - otherwise you may lose the changes/new data you have entered.

If the information requires correction or further editing, do not Click to start over, as no data or changes will be accepted (if first entry, you will lose all data). It is better to Accept the info, then select it from the List of Top Needs and edit it to suit.

A final confirmation screen will also display with a prompt to either enter /edit another or retrun to the main menu.

Go to <u>Opportunities / Top Needs</u> on either website to see how the list of Opportunities is displayed in various formats. All web viewers can access this section, without first entering a profile. They can then send you an Enquiry email, relating to the specific position advertised.

5. Teams Section **NEW FACILITY**

Partner agencies can enter up to 5 Short Term Teams , either as generic or specific entries.

Select **Enter/Edit/Delete Teams**, and the Teams entry page will display. If you have any Teams already entered they will be displayed in a List, otherwise this section will be blank. Either select an existing Team to edit or delete. If no selection is made, a blank entry screen will appear for you to enter a new Team. *(Entry is very similar to the Top Needs section)*

The Contact Information is pre-filled from your profile, but can be edited in the next screen for each team if desired. Each team is displayed until its Expiry date (Team Date), after which it will not be displayed in the List Of Teams as viewed on the SWN & MI Websites.

Check this list regularly, and if you want to renew a team, just open it in the edit screen and save it again. If a team has expired, the Team Date and Exp* column data will be in **red print** to alert you.

NB: The Teams should cover a range of age groups, not just under 40 or over 40s. You should also review these regularly to ensure they are current.

Either select a Team to edit (or delete) and click on the Enter/Edit/Delete button to display the selected Team for editing..

If no selection is made click on the Enter/Edit/Delete button to display a"blank" screen for entry of a new Team.

The **label** "Regions of the World" is a link to HELP page which describe in more detail what countries these regions relate to.

Use the **Teams web address** to link to either your website's list of teams, or better still to the page describing this particular team.

Ensure that the **Short Description** is succinct but compelling so that, it will provide sufficient information for an Enquirer to want to investigate further. It is displayed in the initial list that enquirers can view, and the Full Description is displayed further down the page.

Enter a much longer Team Description in the **Full Description** box, which will provide an enquirer with sufficient information to want to pursue the enquiry further, including sending an enquiry email. The Short d Description is displayed again as part of the Team Name, so this text should not be repeated in the Full Description.

After entering the information, a review screen will be displayed for you to check your entry before finally accepting it.

If you notice an error, it is best NOT to Go Back, but Save the entry and then edit it - otherwise you may lose the changes/new data you have entered.

If the information requires correction or further editing, do not Click to start over, as no data or changes will be accepted (if first entry, you will lose all data). It is better to Accept the info, then select it from the List of Top Needs and edit it to suit.

A final confirmation screen will also display with a prompt to either enter/edit another or return to the main menu.

Go to <u>Opportunities / Teams</u> on either website to see how the list of Teams is displayed in various formats. All web viewers can access this section, without first entering a profile. They can then send you an Enquiry email, relating to the specific position advertised.

See next page for examples of the display:
