

**Pen Style Presenter**

**With Laser pointer**

XC-5410

User Manual

## **Instruction**

### **Features:**

1. *Store device conveniently.*

The transmitter and receiver are integrated into one unit for easy storage.

2. *Control pace of your presentation.*

Uses radio frequency (RF) technology and operates up to 10-metres away from receiver.

3. *Multifunctional presenter*

This device combines the functions of a laser pointer, slide changer and blank screen display selector for PowerPoint presentations.

4. *Plug and Play wireless receiver*

There's no software to install. Just plug the receiver into a USB port to begin. When the presentation is over, you can store the receiver in the presenter.

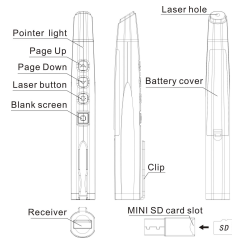

### **I. Operation System**

Compatible with Windows 2000 & above, Windows XP, Vista, Win 7, MAC.

## II. Operating Hints

For optimal performance and RF reception, please place the receiver at least 15cm away from all electrical devices, such as your monitor, speakers or external storage devices.

## III. Functions

<b>Pointer light</b>	Press any button, the red LED will turn on
	Page Up
	Page Down

	Keep pressing this button to emit laser beam, release your hand, the laser will disappear

#### IV. Replacing Battery

- Powered by 1x AAA battery.
- Push and remove the battery compartment cover.
- Remove "OLD" AAA Battery and dispose of battery accordingly.
- Insert "NEW" 1x AAA battery into the battery holder.
- Put back in to position the battery compartment cover.

#### IMPORTANT NOTES:

1. Ensure battery polarity is correct (+) (-)
2. Do not leave bad or exhausted battery in the device.
3. Please remove battery if device is not used for long periods,
4. If the device does not function correctly or if the operating range is reduced, replace the battery with a new one.

#### V. Specifications

##### Transmitter

Control technology	2.4GHz RF
RF Output power	0dBm
Control distance	Up to 10M
Laser distance	Up to 200M
Laser wavelength	650nm
Max output	<1mW or <5mW
Battery	1 x AAA
Working voltage	1.2-1.5V
Sleep current	<50uA
Dimension	13.3*2.2*1.7cm
Weight	21.4g(no battery)

##### Receiver

Sensitivity	-90dBm
Operation system	Windows 2000 and above, Windows XP, Vista, Win 7

Interface	USB1.1 , Compatible with USB2.0
Working voltage	USB electricity supply (4.5-5.5V)
Dimension	3.2*1.46*0.73cm
Weight	2g

#### **VI. Safety Measures**

- To avoid possible eye damage, never point the presenter at people, especially their faces, or look directly into the presenter's laser beam.
- Avoid pointing the presenter's laser beam at a mirror or other highly reflective surface.
- Keep the presenter away from children.
- Never view the presenter's laser beam using telescopic devices, such as a microscope or binoculars.
- Any attempt to disassemble, adjust or repair the presenter may result in exposure to laser light or other safety hazards.

**Note** 

The product adopts RF technology, the USB receiver will identify the first transmitter which is used. If you want to use different transmitters with the same receiver, please remove the receiver and plug it in again, after 6 seconds, press any key on the transmitter.
