

User Manual

Step 3. Purchase a Domain with First National Domains

Registering/Purchasing a domain with Planet domain

1. Go to www.fndomains.com.au and click on register.

The screenshot shows the homepage of First National Domains. The navigation menu at the top includes Home, Register, Manage Domain, Member Services, Transfers, Pricing, WhoIS, Contact Us, and Help. The Register button is highlighted with a red box and a red arrow points to it from the left. Below the navigation menu, there is a Domain Search section with a search box and a list of domain extensions. The search instructions are: 1) Enter a name, word or phrase in the box below; 2) Select domain extensions from the list; 3) Click Go!. The search box contains 'www.' and the Go! button is highlighted. The list of domain extensions includes .com, .net, .org, .biz, .info, .com.au, .net.au, .org.au, .asn.au, .id.au, .tv, and .cc. The .com, .net, .org, .biz, .info, .com.au, and .net.au extensions are checked. Below the search section, there is a section titled 'Don't want an ordinary domain? Why not try one of these?' with logos for .biz, .info, .uk, .tv, and .us. At the bottom, there is a section titled 'First National Domains' with a brief description of their services.

2. Check to see if your desired domain is available by:
 - a) Entering the domain in the box, after the www.
 - b) Select the desired extension(s) from the list e.g.: **.com, .com.au**.
 - c) Click Go!

The screenshot shows the Domain Search section of the First National Domains website. Red arrows and labels indicate the steps to follow: a) points to the search box, b) points to the list of domain extensions, and c) points to the Go! button. The search box contains 'www.' and the Go! button is highlighted. The list of domain extensions includes .com, .net, .org, .biz, .info, .com.au, .net.au, .org.au, .asn.au, .id.au, .tv, and .cc. The .com, .net, .org, .biz, .info, .com.au, and .net.au extensions are checked. Below the search section, there is a section titled 'Don't want an ordinary domain? Why not try one of these?' with logos for .biz, .info, .uk, .tv, and .us. At the bottom, there is a section titled 'First National Domains' with a brief description of their services.

3. On this screen, select the domain name you want to register and click on Checkout.

Product Options

Please select any product(s) shown below:

Email Forwarding

Email forwarding is a great way to use your domain name with your email address, and is available free with a domain registration.

For example: MauroColaci@domaintrial.com.au

Yes, I want FREE Email Forwarding

Url Forwarding

URL Forwarding allows you to redirect traffic from your domain name to another URL (Uniform Resource Locator). This is a useful alternative for people with internet dialup accounts who don't wish to buy a fully fledged web hosting package. In simple terms, URL forwarding enables you to resolve your domain name to your free web hosting space provided to you by your ISP or other provider.

We have two popular choices of URL Forwarding plans for your domain names.

Standard URL forwarding is available free with a domain registration.

This service redirects visitors to the destination URL and shows the actual URL in the location bar of the browser.

Premium URL forwarding is available free with a domain registration.

The premium service redirects visitors to the destination URL and retains the domain name (www.yourdomainname.com), rather than the destination URL, in the location bar.

Yes, I wish to obtain URL Forwarding
