AMICROE

Model: AMI-TT4

EN USER MANUAL

Introduction

This manual contains detailed instructions and notes on the operation and use of this device. For your safety and benefit, read this manual carefully before using the device. Keep this manual in a handy place for quick reference.

DO NOT place this device in a hot, wet or dusty environment

Avoid leaving this device in a hot car or other vehicle for prolonged periods of time.

Dropping, high impacts and shaking the device violently may cause damage or malfunctions.

DO NOT drive or operate machinery whilst using this device.

To protect your device against online threats, it is highly recommended to use anti-virus software.

Only use the charger supplied in the package and ensure compatibility of 3rd party accessories before fitting.

Be sure to charge the device when the following situations occur.

- The battery icon shows the device is low on power or empty.

- The system automatically shuts down or turns OFF soon after a restart.

- Operation keys are slow to respond.

- The device shows an empty battery icon in the bottom right corner.

IMPORTANT: To optimise battery life, it is recommended to install a "Task Killing App" available from the Play Store.

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The warranty starts from the date of purchase. Proof of purchase that includes the original purchase date is required for warranty service. If our goods are defective, not caused by accident or improper usage, please properly package and return them at your expense to the place of purchase, or kindly contact us.
