3.1. Greyhound Eligibility to be Nominated for a Race Event

When a Race Event has been selected, the system will validate the following eligibility criteria:

- Restrict to Grade rules must be met (ie. greyhound must have a current grade that matches the grades allowed for the particular Race Event)
- All Greyhound Status and Rules must be met
- All Owner / Leaseholder Status and Rules must be met
- All Trainer Status and Rules must be met
- All Born After Rules must be met
- All Sex Rules must be met
- All Local Bred Rules must be met
- All Days since Last Race Rules must be met
- Juvenile Eligibility must be met
- Maiden Eligibility must be met
- Greyhound can be nominated no more than once for a Race Event.
- Greyhound can be nominated for multiple Race Events on a Meeting.

If not met, then the system will issue an error message and not allow the Nomination to continue (as shown in the previous screen).

3.2. Distance Nomination

1. When a Greyhound is nominated for a Distance, if the Meeting has a Meeting Class, then the Race Class will be automatically populated with the Meeting Class.
2. When a Greyhound is nominated for a Distance, if the Meeting does not have a Meeting Class, then the trainer can select a Race Class that is valid for the State.
3. The System will ensure that the Greyhound is eligible to run at the selected Distance (and Class). Eligibility is dependent on completion of Satisfactory Trials for some States.

3.3. Nomination Preferences to a Meeting

1. A Nomination can have no more than 6 preferences.
2. Greyhound cannot be nominated for the same Distance at the same Meeting, more than once.
3. Greyhound cannot be nominated for the same Race Event at the same Meeting, more than once.
4. A greyhound can have up to 2 current (active) nomination records.

3.4. Nominations to Another State's Meeting

If the trainer wishes to nominate their greyhound for a meeting held in another State (to what their logon State is), then:

1. Logon using your allocated user ID (with the State code you were originally given – eg. WA, NSW, SA, NT, TAS or QLD).

3.5. Nomination Status

When a nomination is first added, it is in an 'active' state. This means that the trainer will see an 'Edit' link on the greyhound listing screen. When 'active', a nomination can be edited – preferences can be added, changed or removed. Preferences can only be 'edited' while the meeting that the preference relates to, is still in an 'Open for Nomination' status. Once a meeting has reached the 'Closed for Nomination' deadline date, a trainer will no longer be able to alter the preference. If a trainer attempts to change a preference whose meeting is closed, then the error message below will be displayed immediately:

Edit Nomination

Once any preference from a nomination has had the Box Drawn completed for the meeting, then the nomination will no longer be editable. It will now be 'In Progress' and a 'View' link will be displayed in place of the 'Edit'.

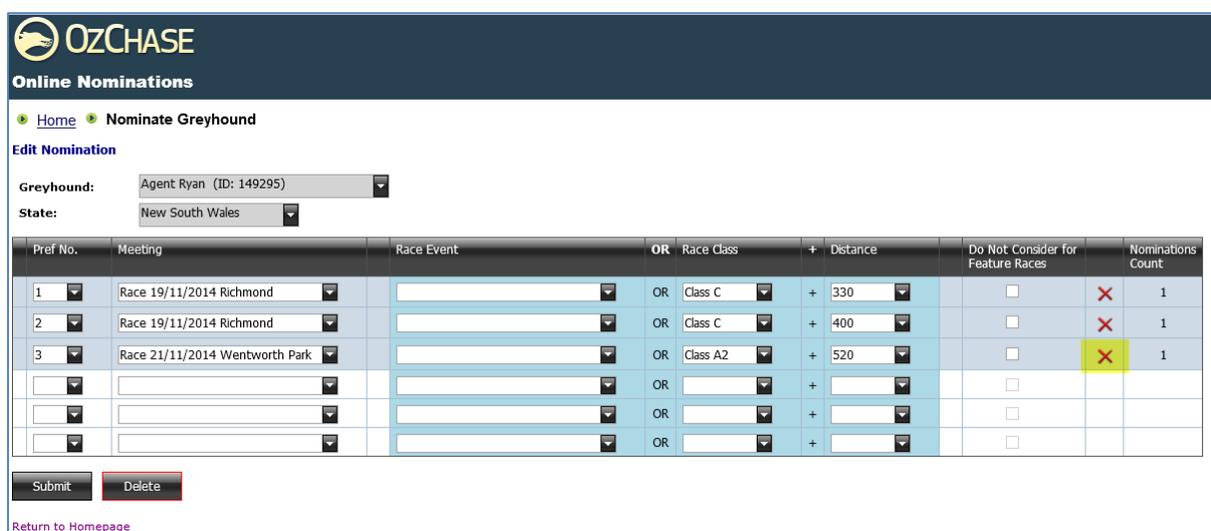

3.6. When is a nomination 'Complete'?

Single Preference Nomination:

If a nomination record contains only 1 preference, then as soon as the Meeting in that preference is Box Drawn and Race Times are allocated, the nomination will be completed. Once this occurs, a new nomination can be added (ie. the  symbol will be available again)

Multiple Preference Nomination:

If a nomination record contains multiple preferences, then once the first meeting (from any of the preferences) has its boxes drawn, the nomination will be flagged as being '**In Progress**'. This means that the nomination record is '**locked down**' so that no changes can be made. The only exception to this is that preferences that are for meetings that are still 'Open for Nominations' can be deleted from the nomination record (using the '**X**' icon):

Pref No.	Meeting	Race Event	OR	Race Class	+	Distance	Do Not Consider for Feature Races	Nominations Count
1	Race 19/11/2014 Richmond		OR	Class C	+	330	<input type="checkbox"/>	X
2	Race 19/11/2014 Richmond		OR	Class C	+	400	<input type="checkbox"/>	X
3	Race 21/11/2014 Wentworth Park		OR	Class A2	+	520	<input type="checkbox"/>	X
			OR		+		<input type="checkbox"/>	
			OR		+		<input type="checkbox"/>	
			OR		+		<input type="checkbox"/>	

[Return to Homepage](#)

If a trainer attempts to delete any other preference (where meetings are already past the 'Closed for Nomination' deadline), then an error message will be displayed.

Where multiple preferences exist, the nomination will only be considered 'complete' once **one** of the following is satisfied:

- 1) All preferences (meetings) on the nomination record have had their box numbers drawn.
- 2) All unrequired preferences have been deleted manually from the nomination record ('X').
- 3) All unrequired preferences have been automatically deleted from the nomination record using the 'Settle' option (Applies to NSW only and is initiated by the Graders from within Ozchase).

Once one nomination is 'complete', the  symbol will be available again to allow the trainer to add a new nomination record.

4. Multiple Active Nominations

Trainers are now able to add 2 nominations into Ozchase for their greyhounds.

Rule for Multiple Nominations:

1. Nominations can be for any State (as long as all preferences on each nomination are to a single State).
2. If each nomination is for a different State, then trainers cannot nominate for the same meeting DATE on both the nominations.
3. If both nominations are for the same State, then trainers cannot nominate for the same meeting DATE and VENUE on both the nominations.
4. A maximum of **two** active nominations are allowed per Greyhound.
5. A greyhound is entitled to obtain a start in a preference under **BOTH** active Nomination records.
6. For SA Only – greyhounds are restricted from **running** on consecutive days. This rule will still be enforced across the 2 active nominations for **SA meetings only**.

On entry to Online Nominations, trainers will see the list of greyhound that they currently train. If the greyhound has no current (active) nominations in the system, then the  symbol will be displayed as normal.

If a greyhound has an existing nomination record, then an 'Edit' link will be displayed with the State Code and the date that the nomination was added. In addition to this, a  symbol will also be displayed to allow the user to add another nomination record.

If 2 nominations already exist, then both will appear with an 'Edit' link (if they are both active):

If the trainer wishes to nominate his/her greyhound for a meeting in another State, then they simply have to select a different State from the dropdown at the top of the nomination screen. Once a 2nd nomination has been submitted, the greyhound will no longer display the + symbol.

If a nomination is 'In Progress' (see 'When is a nomination 'Complete'? section above), then Online Nominations will display a 'View' link instead of 'Edit':

Once a nomination has been completed, the trainer will see the + symbol appear, allowing them to add a new nomination.

All other rules for Online Nominations still applies (eg. trainer cannot alter a nomination preference if the meeting is 'Closed for Nomination', trainers/owner must be registered etc). Validation of these rules will also only be carried out once the nomination is sent to Ozchase (ie. when 'Confirm' is clicked from the screen below to send the preferences in the 'cart' to Ozchase for verification):

5. View – Edit a Current Nomination

A trainer can change or delete a Nomination that is still a current nomination.

The screenshot shows the 'My Profile' section of the OzChase website. The user is Mr John Francis Callaghan, a Public Trainer (NSW) with a current licence. The page includes a 'My Profile' section with personal details and an 'Actions' section with links for nominating, editing, and deleting greyhound nominations. Below this is a table of 'Greyhounds (Currently Trained)' with columns for ID, Name, EB, Certificate No., Microchip No., Colour, Sex, Whelped, and Nomination.

Greyhound ID	Name	Left EB	Right EB	Certificate No.	Microchip No. 1	Microchip No. 2	Colour	Sex	Whelped	Nomination

The screenshot shows the 'View/Edit Current Nominations' screen. It displays a table of current nominations for two greyhounds: Black Kaspia (ID: 170714) and Watto Lotto (ID: 150638). Each nomination is listed with its number, state, meeting name, race event, race class, and distance. There are 'Edit/Delete' links for each nomination. A 'Return to Homepage' link is at the bottom.
