**Installation manual eSaver iConnect Gateway**

1. Download the eSaver application for free on the app store on your iOS device*
   Search for eSaver on the app store and download app with this logo
2. Connect eSaver iConnect gateway with provided power cable in the power outlet near your WiFi router
3. Connect eSaver iConnect gateway with provided LAN cable to your WiFi router
4. Open eSaver application on your iOS device*. The iOS device* will show a message:
   Please wait: Connecting gateway…

If you receive message: Gateway not found, check connection. Please wait few seconds and try again. You now enter the main menu
Add Sensor to iConnect network

The first time you are in the menu you can receive the message: No Sensor, install sensor now. If you press Ok you can add sensor directly.

If you already installed a sensor you can easily add a new sensor by pressing the + button in the top right corner in the sensor list menu. Do not add more than one sensor at a time
By pressing the connect button the app is searching for sensors. Ones detected, follow the steps a message describes. (push learn button or place battery, depends on type of sensor.) You can type sensor name and select picture to add to your sensor. Push save button to exit setup. Your sensor should now be listed in the sensor list.

*Requirements:

- iOS 3.1.3 or higher
- iPhone 3G or higher
- iPod touch 4th generation or higher
- iPad
- WiFi router/network

Application manual

1. Weather

Within this menu you can control the eSaver wind sensor, temperature sensor and rain gauge. The *i* button in the top right corner brings you to the setup page of the Weather control menu.

In this menu you can add sensors, set local and general settings. You can easily add sensor by pressing the + button in the top right corner of the selected sensor (Temperature, wind or rainfall)

With local settings you can setup your location to get weather forecast (press + button to add new location). With general settings you can setup your weather information preferences.
