

Addonics Installation Guide

Model: AD4SAML and AD4SAML-PCI

AD4SAML
(Multilane bridge for SATA storage)

AD4SAML-PCI
(Multilane bridge for SATA controller)

Please note that the boot drive, the drive that the OS will be installed on, must be connected to Port 1 when using with any Addonics SATA host controller (the lowest port on the PCI bracket). Controllers from other manufacturer may have a different requirement.
