Troubleshooting	13
Warranty and Contact	15

List of Accessories

1. External power adapter / power cord
(may vary with product)
2. SATA to eSATA adapter cable with bracket
3. eSATA cable
4. USB 2.0 cable
5. Resources CD

Front

1. LED Light Indicator

Back

- 2. eSATA port
- 3. Power Switch
- 4. USB 2.0 port
- 5. Power jack

Features

Plug-and-play for Windows 2000/XP/Vista

USB 2.0 and eSATA interface

Pre-formatted to NTFS

Exceptional heat dissipating ability

Hard drive activity LED

Nearly silent operation

Slim and lightweight stackable design

Designed for use with a PC, formattable for use with a Mac

Setup Instructions

Follow the steps below to successfully set up your Cavalry External Hard Drive with your computer.

Step 1. Start your computer and wait for Windows to load completely.

Step 2. Connect the power adapter to the drive. (Fig. 1) Then plug the power adapter into an electrical outlet.

Fig. 1

Step 3. Connect the square end of the USB cable to the hard drive. (Fig. 2) Then connect the flat end of the USB cable to the USB port on your computer. (Fig. 3)

Fig. 2

Step 4. Turn the power switch on.

Fig. 3

NOTE: SATA users: install the bracket when the computer is off. Connect the drive to the bracket, turn on the drive and then turn on the computer. See the eSATA bracket installation guide located in the "Contents/CAXM" folder of the Resources CD.

NOTE: Connect the USB cable to the drive **before** connecting the cable to the computer. To disconnect, remove the cable from the computer **first**.

Step 5. Installing drivers for the Cavalry External Hard Drive.

Windows 2000/XP/Vista

Plug-and-play. No device drivers or configuration required. The computer will detect the USB External Hard Drive as a new USB device and display messages on the bottom-right corner reading "USB Mass Storage Device Detected" and "Your new hardware is installed and ready to use."

Windows 98/Me

1. Make sure Windows 98/Me is fully updated
2. Download drivers from www.cavalrystorage.com/su_download.htm
Click on "Windows 98 Driver" to download the file. Extract the file.
3. Navigate the device manager.

4. Right-click on the yellow question mark indicating an unknown external storage device.
5. When the device driver wizard starts, click on the "Browse" button to select the search directory to find drivers.
6. Find the USB 2.0-98 driver in the extracted file.
7. Click "Next" to continue.

Mac OS X

Reformat the external hard drive using Disk Utility on the OS. See "Formatting Instructions.pdf", found in the "Contents" folder of the CD

Step 6. Your external hard drive is now ready to use.

NOTE: When the hard drive is on, a blue LED light (page 6) will appear on the front of the drive. The LED light will flicker to indicate drive activity.

Troubleshooting

LED light indicator does not turn on

Make sure the power adapter is securely connected to a working electrical outlet. Secondly, make sure the USB / eSATA cable is inserted correctly into the hard drive and the computer. Turn on the power switch (page 7).

Computer does not detect hard drive

Make sure the USB / eSATA cables are securely connected. If this still does not work, attach another known working device and working cable into the USB / eSATA port on the computer. If the known working device is not detected, the problem could be your computer's USB / eSATA port. If the port and cable both work and the hard drive is still not being detected, contact customer support.

Loud noises coming from external hard drive

In most cases, loud noises coming from the drive suggest a defective drive or a loose part. We apologize for any inconvenience this may cause. Please contact customer service for assistance.

Hard drive will not work with my Mac

Macs require special formatting. Format the hard drive according to the instructions provided by your Mac. Alternatively, follow the "Formatting Instructions" pdf, located in the "Contents" folder of the Resources CD or online at: www.cavalrystorage.com/su_download.htm

If you have more questions, please refer to the **Frequently Asked Questions** section online at: www.cavalrystorage.com/su_faq.htm For further inquiries, you may contact Bason/Cavalry tech support at customersupport@cavalrystorage.com.

Warranty

This product comes with a one year warranty from the date of purchase. Please register your product at www.cavalrystorage.com/prodreg.htm to activate the warranty. Please have your Serial Number and Model Number ready. We are not responsible for any loss of data. Please back up your data often to avoid unexpected losses.
