Jamo S 418

These S 418 speakers are packed with power! They offer excellent value for the money, without compromising design or sound.

Equipped with rear-firing bass-reflex ports and dual 203mm/8in woofers, which are mineral reinforced for precise sound reproduction, these powerful floorstanders deliver a punch worthy of any high-octane Hollywood action film.

Finally, the S 418 speakers come with a footplate and a curved fabric front, which can be removed, this together give the S 418 a quite characteristic appearance. Additionally, S 418 is ready for the Jamo spike kit, which makes it easier to improve the speaker's acoustic characteristics.
