

Sonance Merlot®  
423M Speaker

## Sonance Merlot® Series

### M-Series In-Wall Speakers

The totally-redesigned Sonance Merlot® M-Series in-wall speakers bring a new level of musical performance to smaller living spaces. These new speakers feature a small footprint and shallow depth that significantly increase installation options for newer multi-dwelling unit buildings as well as 'space-challenged' areas (bathrooms, hallways, etc.) in larger homes. They are also ideal for the smaller living spaces found in many homes overseas.

Ideal for both multi-channel home theater and stereo music applications, the new Merlot M-series incorporates high-quality driver materials and precision engineering that deliver startling musicality from speakers so small.

Sonance Merlot M-series in-wall speakers bring high-quality entertainment to life anywhere in the home while effortlessly integrating into almost any lifestyle.

#### Features:

- **Ideal for use in multi-channel home theater systems and stereo music systems.**
- **Advanced woofer cone materials produce robust, low-distortion bass in a very small footprint that increases installation options.**
- **Pivoting tweeters direct the sound at listeners for clear sound and improved stereo imaging even when speaker placement options are limited.**
- **A 3-position tweeter adjustment switch lets you balance the speaker's high-frequency energy to better compliment your room's setup and acoustics (423M).**
- **Exclusive new FastMount® tabs hold speaker in the mounting hole during installation, allowing installer to let go of the speaker to pick-up tools or other items.**
