BEFORE MOVING YOUR OLIVE disconnect the power cable and all wires.

BEFORE PLUGGING your Olive device into the AC main supply, check that the voltage indicated on the back complies with the local voltage.

WHEN PLANNING NOT TO USE YOUR OLIVE for long periods of time (e.g. vacation, etc.) disconnect the Power Cable from the wall outlet. Always grab the plug, never the cable itself.

USE A CLEAN SOFT AND DRY CLOTH to remove dust or fingerprints from your Olive. Unplug your Olive from the wall outlet before cleaning to ensure you don't shock the Olive device with static electricity.
