

SeeSnake® LCDPak Monitor

Inspection Camera Monitor

The new SeeSnake® LCDPak Monitor features our full size color display with the battery powered freedom and small size you need to take your camera places it has never gone before.

- **Lithium Ion Battery Power** allows you to run your complete system for up to 4 hours.
- **Reduced Size** frees up truck space and makes it easier to transport to the job.
- **New Integrated Line Trace Feature** allows you to trace the push cable with your RIDGID® locator (*requires transmitter*).
