FEATURES

We have taken the majority of features found in our best selling XGA projector and put it into a 7 lb. package. So you now have a dynamo projector that is 7 lb. lighter. The new features on the **ImagePro™ 8801A** include Component Video and HDTV compatibility. This projector is perfect on the road or in the ceiling. It also has a much quieter operation with whisper mode setting, plus a 400-1 contrast, and a Kensington slot for secure installation. A custom start-up screen and digital horizontal & vertical keystone correction complete the features.

The ImagePro 8801A inputs are easily accessible.

Performance and Portability

The **Dukane ImagePro 8801A™** is the ideal tool for the presenter on the go. At only 7 lbs. The 8801A can be easily transported. It provides an exceptional image that is sufficiently bright to overcome ambient lighting in an office, conference room, or school. It will display images from a PC or MAC, and video from a VCR, DVD or other source. The projector sets up in seconds and features easy operation for the non-technical presenter.

Featuring true **1024 x 768 XGA** resolution plus compressed SXGA and 2200 lumens of brightness, the **ImagePro 8801A** is engineered to reproduce data with razor sharp accuracy and brilliant color imagery. With the capability to show HDTV and digital TV formats, this unit will meet all your future requirements.

In addition, the 8801A has a very quiet fan plus "whisper" mode where the light output is reduced to 1700 lumens and the operating unit can barely be heard. Other features are the component video input, an FCC Class B home environment listing, digital zoom, freeze for video, custom start-up screen, a Kensington slot for security, plus a super easy to use control format. The remote control has the mouse function, plus a laser pointer. Everything is arranged for your convenience and speed in set-up and operation.

This projector is backed by **Dukane's legendary service and a industry leading FIVE YEAR** limited warranty, plus a two year "Peace of Mind" program which is the finest in the industry.
