

Storage Made Simple™

Kaser Vault drives provide you the most complete line of USB 2.0 disk storage available. Whether you need maximum storage space or an ultra-portable drive or one that's in-between, Kaser has a drive for you. Choose a high capacity StorageVault or a transportable MobileVault for quick backups of your business files, digital photos, music and movies. When you travel, go with a PortableVault that puts all the storage of a desktop drive into your shirt pocket. For the ultimate portability, miniVault fits in the palm of your hand. Kaser Vault drives make it simple to share or backup your digital life.

Movies on the Go!

Wherever you go - go with the new Kaser Mambo-Flix portable media player. Watch your favorite movies, listen to your favorite digital music, read a book, or browse your photos. Take your digital life on the road with Mambo-Flix.

Big screen blockbusters, birthday parties, family outings, or even your favorite TV shows - they all fit in your shirt pocket. Now you have your own movie theater at your fingertips anywhere you go. With 220 x 176 resolution up to 262,144 colors in your videos, Mambo-Flix's TFT LCD screen is a vibrant display that shows every crisp detail.

Kaser's Mambo-Flix supports all your favorite types of media. With its surround sound effects, multiple equalizer modes and a high quality built-in speaker, your digital music collection has never sounded so good. The large LCD is ideal for sharing a slideshow of your precious photo memories or to catch up on a little reading with the E-book reader.

Mambo-Flix stores your favorite digital media in the palm of your hand. The 2GB model lets you keep up to six-and-a-half hours of movies or over thirty hours of digital music. With so much to watch and listen, you'll never want to stop.

* Your results may vary based on compression rates used.

Mambo-Player

Your Music, Your Style

Take your music anywhere with Kaser's feather-light Mambo flash memory digital audio player. In addition to playing both MP3 and WMA audio files, it also sports a video player, a photo album, and a digital voice recorder. And it's powered by a rechargeable battery that provides hours of listening enjoyment.

The super-slim yet robust design offers an easy-to-use interface on a backlit LCD screen that displays your favorite pictures and MPEG4 movies in vibrant colors. Adjustable and Preset equalizer modes optimize your sound for your favorite style of music. Synchronized karaoke-style lyrics lets you sing along. Its high-speed USB 2.0 port copies music files quickly so you can get back into your groove.

Whether you're exercising, commuting, or just relaxing, Mambo will be your favorite digital companion.
