

Maxtor OneTouch™ 4

A simple storage solution with automated backup software for protecting your photos, music, videos, and important documents.

**USB 2.0:
320GB, 500GB, 750GB, 1TB**

Sometimes the simplest solution is the best. With the Maxtor OneTouch 4 external hard drive, protecting all your photos, videos, music, and files is as easy as one touch of a button. The simple user interface facilitates backup scheduling, data restoration and even power management.

It's easy to install – just plug the external drive into an available USB port on your PC or Mac, run the preloaded software, and presto, you're good to go!

To top it off, with up to 1TB, you have more than enough room for all your important documents in one safe, convenient place – over 16,600 hours of digital music or 320,000 digital photos or 1,000 hours of digital video or 250 two-hour DVD quality films or 500 games.
