Philips SILHOUETTE[™] T5 High Output Fluorescent Lamps

The Most Powerful Lamp in the SILHOUETTE Family

Ideal for retail and commercial applications.

Slim Profile Lamp and Ballast

- -Design flexibility
- -Improved optical control

• Outstanding Lumen Performance

HI-VISION[®] Phosphor combined with Philips exclusive cathode guard delivers:

- -95% lumen maintenance
- -Reduced lamp-end blackening

Sustainable Lighting Solution

- Reduces the impact on the environment -Low mercury
- -Energy efficient
- -Less material means less waste

Operates on Programmed Start Ballasts

Philips Silhouette T5 High Output Warranty: 24 Months

 Average life under specified test conditions with lamps turned off and restarted no more frequently than once every 3 operating hours. Lamp life is appreciably longer if lamps are started less frequently.

2) Average life under specified test conditions with lamps turned off and restarted no more frequently than once every 12 operating hours. Lamp life is appreciably longer if lamps are started less frequently.

1) Average life under specified test conditions with lamps turned off and restarted no more frequently than once every 3 operating hours. Lamp life is appreciably longer if lamps are started less frequently.

2) Approximate initial lumens. The lamp lumen output is based upon lamp performance after 100 hours of operating life, when the output is measured during operation on a reference ballast under standard laboratory conditions. 3) Design lumens are the approximate lamp lumen output at 40% of the lamp's rated average life. This output is based upon measurements obtained during lamp operation on a reference ballast under standard laboratory conditions.

† This lamp is better for the environment because of its reduced mercury content. All Philips ALTO® lamps give you end-of-life options which can simplify and reduce your lamp disposal costs depending on your state and local regulations.
