A Reliable Addition to Your Digital Life

JetFlash® 110

High Speed USB Flash Drive

The JetFlash 110 is a stylish, compact flash drive with an innovative capless design that features a sliding USB connector to protect it from damage and eliminate the need for easy-to-lose caps.

Part of Transcend's High-Speed line of JetFlash drives, the JetFlash 110 offers incredibly fast transfer rates and supports Windows Vista™ ReadyBoost technology that lets you use your flash drive as extra system memory to speed up your computer.

The powerful JetFlash 110 also features Transcend's renowned Lifetime Warranty and the incredibly useful JetFlash™elite software, which helps mobile computer users manage their data more easily and increase productivity.

Protect your computer with confidence

PC-Lock
Use your JetFlash as a key to lock your desktop or notebook computer and prevent others from accessing your data while you are away. Simply unplug the JetFlash to lock, and plug it back in to unlock.

Browse your favorite websites wherever you go

Favorites
The Favorites function saves a copy of all your Internet Explorer Favorites on your JetFlash, allowing you to plug your JetFlash into any compatible computer and browse your websites just like you would at home.

Powerful security with encrypted file-compression

Secret-Zip
Compress your saved files to maximize memory storage space and password-protect your data with powerful 256-bit AES Encryption. With Secret-Zip, you can store files securely while saving space at the same time.

Backup, restore and synchronize your mobile data

DataBackup
Automatically backup, restore, and synchronize your important data. Once a backup is created on your JetFlash, DataBackup allows you to instantly update the backup with any modifications you might make in the future with a single mouse click.

Convenient one-click automatic website log in

AutoLogin
Instantly log in to your online website accounts with just a single mouse click. AutoLogin keeps a secure database of all your online usernames and passwords on your JetFlash, so you'll never worry about losing your password again.

Take your E-mail with you on the road

E-Mail
JetFlash elite allows you to store your E-mail for easy access when traveling. Send, receive, and save email safely on your JetFlash using any compatible computer – without leaving any trace of your correspondence for others to find.

A shortcut to all your JetFlash data

My JetFlash
Just one easy click opens your JetFlash folder, so you can manage your files quickly and easily.

★ JetFlash elite software only works with Windows® Me/2000/XP/Vista™
★ To use PC-Lock and AutoLogin you must log in to the computer you are using with Administrator rights.
