

## Outstanding Compatibility and Performance

## SD™ Cards

### Flash Memory Cards

If you own a digital camera, camcorder, GPS, PDA or game console, chances are it has an SD memory expansion slot. Transcend carries a full line of high quality SD cards that offer excellent compatibility, performance, and long life reliability. With four different speeds to choose from, Transcend has a high quality SD card that suits your needs.

Whether you're looking for faster saving and loading times on your game console, better response from your digital camera, or smoother map and waypoint access on your portable GPS, look no further than Transcend's 150X Extreme Speed SD card. No matter which speed you choose, all Transcend SD cards feature exceptional build-quality and come with an industry-leading Lifetime Warranty.

Available in **Extreme Speed**
