Stackable 3.5" Hard Drive Enlcosure & Media Drive

Stackable Enclosures

Ultra 3.5-inch External Hard Drive Enclosure Just add a drive and go! This new portable, stackable external hard drive enclosure features an USB 2.0, FireWire (IEEE1394) and SATA interface and supports 3.5-inch ATA 133/100/66 or SATA HDDs. That's right – you can use one, or use more – just stack them up! The Ultra 3.5-inch external hard drive enclosure supports Windows XP, 2000, ME and Mac 9.0 and above. Built-in 30 mm cooling fan keeps the drive running at maximum performance while protecting it from excess heat. This easy to use external hard drive enclosure is easy to use – it's hot swappable, Plug and Play. Lay it down, stand it or stack it! Now Available: Stackable USB 2.0 HUB / All-In-1 Media Card Reader.
