

SPECIFICATIONS

AC Power	AC 230V, 50Hz DC 3V (1.5V x 2 "AAA" batteries for tuner and clock memory). Batteries are not supplied.	CD Section	Vertical Front Loading CD
		Speaker System	Woofer: 4", 4 ohm Tweeter: 2", 4 ohm
Power Output	5 W/CH 10% THD	Remote Control	32 Keys, Battery size "CR2032" (Battery Included)
Dimension of: Main Section	619(W) x 200(D) x 315.5(H)mm		
Radio section	Tuning : PLL with 40 Presets (FM 30, MW 10) Freq. Range : MW 522-1620KHz FM : 87.5-108MHz		

Manufacturer code: 3388

ACCESSORIES

Instruction manual	1 pc
iPod Insert	6 pcs
Remote control handset with battery	1 pc
MW loop antenna	1 pc
Wall mounting bracket for main console & speakers	3 pcs
Dowel & screw	6 pcs each
Bracket for speaker	2 pcs

Instructions on environment protection

Do not dispose of this product in the usual household garbage at the end of its lifecycle; hand it over at a collection point for the recycling of electrical and electronic appliances. The symbol on the product, the instructions for use or the packing will inform about the methods for disposal.

The materials are recyclable as mentioned in this marking. By recycling, material recycling or other forms of re-utilization of old appliances, you are making an important contribution to protect our environment.

Please inquire at the community administration for the authorized disposal location.

SAFETY INFORMATION

 <div data-bbox="219 97 436 188"> CAUTION RISK OF ELECTRIC SHOCK DO NOT OPEN </div> 	 <p>This symbol indicates that dangerous voltage constituting a risk of electric shock is present within this unit.</p>
<p>CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL</p>	 <p>This symbol indicates that there are important operating and maintenance instructions in the literature accompanying this unit.</p>

- *TO AVOID THE HAZARDS OF FIRE OR ELECTRICAL SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR OTHER MOISTURE.*

PRECAUTION : DO NOT EXPOSE THIS PRODUCT TO WATER OR HUMIDITY TO AVOID RISK OF ELECTRIC SHOCK.

DEAR CONSUMER : PLEASE READ THE FOLLOWING INSTRUCTIONS TO BETTER UNDERSTAND THE FUNCTIONS OF THIS PRODUCT. AFTER READING THESE INSTRUCTIONS, PLEASE KEEP THEM FOR FUTURE REFERENCE.

Please take good note of the following instructions:

- The unit must be connected to the power voltage which is the same as the local area. If not, there is a danger of "burning" the unit that causes a fire.
- Do not expose to the temperature higher than 35°C.
- Avoid installation near heaters or in areas subjected to direct sunlight.
- Ensure good air circulation.
- Protect the unit from dust, moisture and water.
- Avoid strong magnetic fields, e.g. near TVs or Speakers for other units.
- Avoid using strong chemical agents to clean.
- Do not grease or oil components, running mechanisms, etc. The CD player is designed to be maintenance free.
- Take the unit to approved service point for servicing.

CAUTION:

- To avoid electric shock, this unit must not be exposed to dripping water or water splash.
- Minimum distances around the apparatus for sufficient ventilation;
- The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths curtains, etc.
- No naked flame sources, such as lighted candles, should be placed on the apparatus;
- The use of apparatus in tropical and / or moderate climates.
- Before scrapping the appliance, remove the batteries and place them in the appropriate battery collection container.

CAUTION CLASS 1 LASER PRODUCT

Use of Controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure.

CAUTION
CLEANING:
Always disconnect unit from power supply before attempting to clean it.
Use soft cloth moistened with soapy water, wipe gently.
Do not use solvents or abrasive materials.

LASER SAFETY

This unit employs a laser. Only qualified service personnel should attempt repair.

DANGER: INVISIBLE LASER RADIATION WHEN OPEN AND INTERLOCK FAILED OR DEFEATED. AVOID DIRECT EXPOSURE TO BEAM. CAUTION: HAZARDOUS LASER RADIATION WHEN OPEN AND INTERLOCK DEFEATED.

This unit is made and tested to meet exacting safety standards

CAUTION - USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE. THIS UNIT SHOULD NOT BE ADJUSTED OR REPAIRED BY ANYONE EXCEPT QUALIFIED SERVICE PERSONNEL.

FOR SAFE AND EFFICIENT OPERATION

- Do not damage the power cord.
- When not in use, disconnect the power cord from the outlet. Grasp the plug, not the cord, when disconnecting the unit.
- If water should enter the unit, electrical shock or malfunction may result. Use in an area where there is low humidity and little dust.
- Do not disassemble or alter the unit in any way.
- Do not use the unit in areas where extremes in temperature occur (below 5°C or exceeding 35°C), or where it may be exposed to direct sunlight.
- Because of the CD player's extremely low noise and wide dynamic range, there is a tendency to turn the volume on the amplifier higher than necessary. Doing so may produce an excessively high output from the amplifier, which can cause damage to your speakers. Please be careful in this regard.
- Sudden changes in the surrounding temperature can cause dew to form on the optical pickup lens inside unit. Under this condition, the unit may be unable to operate properly. If this should occur, remove the disc and allow the player to adjust to the surrounding temperature.
- Please use the original CD software, and any copy discs are not recommendable for use.

THIS UNIT SHOULD NOT BE ADJUSTED OR REPAIRED BY ANYONE EXCEPT PROPERLY QUALIFIED SERVICE PERSONNEL.

INSTALLATION (Speakers and Decorative Insert)

DISASSEMBLE AND FIX THE DECORATIVE INSERT

To remove the insert, release 3 pcs screws (1), then pull out the insert from the main unit.

To fix the insert, place it with two holes into main unit speaker holder (2), then fix it by 3 pcs screws (3).

PLACE AND FIX THE SPEAKER

- Insert the speaker stud into the hole of the main unit (1).
- Push the speaker backward to the end until it clicks (2).

DISASSEMBLE THE SPEAKER

- Push the speaker forward from the back side (1).
- Release the speaker from the main unit speaker holder (2).

ANGLE ADJUSTMENT (Speakers)

Used to connect the bracket (included) to set the speaker box on an angle.

VERTICAL ANGLE

Insert the bracket with (A) side and push upward to adjust for vertical angle.

TILT ANGLE

Insert the bracket with (B) side and push upward to adjust for desired angle.

INSTALLATION (Wall Mounting)

Installation options:

- Wall mount

To mount the center section on the wall:

- Position the bracket (supplied) on the wall (as show below) where you want to hang the whole unit. Drill 2 holes slightly undersized for a firm fit.
- Secure the bracket on the wall using 2 dowels and 2 screws (supplied).
- The mounting screws should be anchored into solid wall support, such as wood frame or concrete wall. Mount the center unit onto the wall bracket.
- Make sure the mounting tab on the center unit fits securely into the mounting slot on the wall bracket.
- Screws and plastic dowels are also provided for speakers if they are to be wall-mounted away from the center section.

- Note: speakers can be wall mounted separately as on below drawing.

REMOTE CONTROL

Battery Installation

1. Remove the battery tray by pressing point (1a) inside, then sliding point (1b) area at the same time.
2. Pull out the battery tray.
3. Install or replace the button-type battery "CR2032" (supplied).
4. Close the battery tray.

To repeat a track or album

1. Press the REPEAT button on remote control once, MP3 plays one track repeatedly and REPEAT is displayed.

One track repeat

2. Press this button twice, MP3 plays all tracks repeatedly and REPEAT ALL is displayed.

All track repeat

3. Press this button three times, MP3 disc repeats the current playing Album and ALBUM REPEAT displayed.

Album repeat

4. To cancel repeat function, Press REPEAT button on remote control repeatedly until repeat function display goes off.

Random play function

Press RANDOM button on remote control during playing or stop condition to start random play. Press once again to cancel the function.

Random playing start

Intro play function

During the stop condition, pressing the INTRO button to start the intro playing. After that the first 10 seconds of each song will be played. If the INTRO button is pressed again, the MP3 will change to normal playing mode.

Intro playing

PROGRAMMED PLAYBACK

The MP3 player enables you to program up to 64 tracks in a sequence of your choice. First select CD stop mode.

1. Press the PROG button once.

2. Press the SKIP **▶▶** or **◀◀** buttons to select your desired folder; for example folder 3.

3. Press the PROG button again.

4. Press the SKIP **▶▶** or **◀◀** buttons to select your desired track, for example, track10.

5. Press the PROG one more time, and track 10 of folder 3 is stored.

6. Continue to program, repeating steps 1 to 5.

Reviewing programs

Press the PROG button repeatedly. The track number programmed on each program number will be displayed.

7. Press PLAY/PAUSE button to play the program tracks.

Note: If the program is already exit, press the PROG button and then press the PLAY/PAUSE button, the program play will start.

Clear the program

In the stop mode, press the PROG button one time and then press the STOP button, the preset programs will be cancelled or power off or open/close CD door.

iPod OPERATION

When connecting an iPod to this iPod Dock, please ensure that the correct removable insert is used.

iPod dock insert

This iPod Dock comes with 6 removable inserts.

To place a dock insert:

1. Refer to the compatibility table as follow and select the correct dock insert for the iPod. Using the correct insert and ensures the proper fit for your iPod, this can help to reduce the stress on the iPod dock connector when operating the iPod.
2. Carefully align and then gently insert the iPod into the dock. (The iPod must not be in a case or "skin").
3. To remove/replace an dock insert, remove the iPod first, then grip the insert and pull gently upwards.

Note: If iPod unit in PAUSE mode, main console can't detect the iPod to automatic play once connected to the dock, we should press play key to play the iPod.

- iPod could be operated directly to TV/Amplifier equipment when power off.

Charging your iPod

Please ensure you are using the correct insert for your iPod and it is properly docked.

FAILURE TO DO SO MAY CAUSE THE iPod can't charging.

Whilst the iPod is docked in the system, it will recharging (until fully charged) by power on the system unit.

Once remove iPod from the docking, main console will go to standby mode then turn off.

Note: there are no charging function while main console at power off mode.

Listening to your iPod

1. Insert the iPod.
2. The main console power on, press the iPod PLAY/PAUSE button, "iPod" will show on the display.

3. Press iPod PLAY/PAUSE button on the unit to commence, control playback and stop.

NOTE: The volume control on the iPod only for adjusting the volume of any headphones connected, it won't affect the volume control of the main console.

TROUBLESHOOTING GUIDE

Should this unit exhibit a problem, check the following before seeking service.

Symptom	Possible cause	Solution
Radio Noise or sound distorted on MW or FM broadcasts.	Station not tuned properly for MW or FM	Retune the MW or FM broadcast station.
	FM: Antenna wire is not extended.	Extend FM antenna wire.
	MW: Frame antenna is not positioned correctly.	Placed the frame antenna until best reception is obtained.
FM STEREO indicator does not light	FM MODE button is set to MONO position.	Set FM MODE to FM STEREO position.
MW or FM, no sound.	TUNER Function button is not pressed.	Press TUNER/BAND function button.
	Volume at minimum	Increase Volume level.

Compact Disc Player

CD Player will not play.	CD Function button is not pressed.	Press the CD Function button.
	CD is not installed or installed incorrectly.	Insert CD with label side out.
CD skips while playing.	Disc is dirty or scratched.	Wipe disc with cloth or use another disc.
Disc is inserted but CD player skips over spot and will not play,	Disc inserted upside down.	Insert disc properly.
	Disc is dirty.	Clean disc.
	Disc is non-standard.	Use correct disc.

iPod Player

Cannot insert the iPod.	The iPod dock insert is not correct.	Check the dock insert.
	There are dust or obstacles in the Dock.	Remove dust or obstacles from the Dock connector, and insert the iPod again.

If normal operation cannot be recovered, unplug the power cord from the outlet and plug it again.
