INTERACTIVE E-READING SYSTEM

V.Reader®

**THOMAS
& FRIENDS**TM

**UP, UP AND AWAY!
DIESEL'S SPECIAL DELIVERY**

Dear Parent,

At **VTech**[®], we know how important reading is for your child's development. We want to introduce children to reading in a dynamic, engaging way that will make them readers for life. That's why we created **V.Reader**[®], where reading comes alive with animated storytelling!

In these animated books, stories come to life through colorful scenes, voices, sounds and music. **V.Reader**[®] creates a magical world that keeps children interested in the story while they learn letters, words, comprehension, and more!

Watching their favorite characters in fun-loving stories engages children in play, as they gain the tools to grow from a pre-reader into a fluent and confident reader. As their reading skills grow, their self-esteem grows, and their appetite for reading will, too!

With a USB connection to a computer, you can even track your child's reading progress, and download and print awards for each completed story.

At **VTech**[®], we are dedicated to helping kids discover the magic of reading. We thank you for trusting **VTech**[®] with the job of helping your child learn and grow!

Sincerely,

Your friends at **VTech**[®]
