Please Retain

We suggest you record the model, type and serial numbers below. They are located on the silver rating plate on your cleaner. For prompt and complete service information, always refer to these numbers when inquiring about service.

Model & Type _____

Serial No. _____

It is also important to keep your receipt as proof of date of purchase.

IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER.

WARNING

To reduce the risk of fire, electric shock, or injury:

- Do not use outdoors or on wet surfaces.
- **Do not leave vacuum cleaner when plugged in.** Turn off the switch and unplug the electrical cord when not in use and before servicing.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If vacuum cleaner is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center before using.
- Do not pull or carry by cord, use cord as a handle, close door on cord, or pull cord around sharp edges or corners. Do not run vacuum cleaner over cord. Keep cord away from heated surfaces.
- Do not use extension cords or outlets with inadequate current carrying capacity.
- Turn off all controls before unplugging.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or vacuum cleaner with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- This vacuum cleaner creates suction and contains a revolving brush roll. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust cup or filter(s) in place.
- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids such as gasoline, or use in areas where they may be present.
- Store your cleaner indoors in a cool, dry area.
- Keep your work area well lighted.
- Unplug electrical appliances before vacuuming them.
- Belt pulleys can become hot during normal use. To prevent burns, avoid touching the belt pulley when servicing the drive belt.

SAVE THESE INSTRUCTIONS

To reduce the risk of electric shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.

GENERAL INFORMATION

Use the cleaner to pick up dirt and dust particles. Avoid picking up hard or sharp objects that could damage the vacuum cleaner.

Service Information

The instructions in this booklet serve as a guide to routine maintenance. For additional service information, telephone our toll free number for the nearest Eureka Authorized Warranty Station. **You should know the model, type and serial number or date code when you call:**

USA: 1-800-282-2886 Mexico: 5670-6169
Canada: 1-800-282-2886

If you prefer, you can write to The Eureka Company, Service Division, 807 North Main St., Bloomington, Illinois 61701, USA. In Canada, write to The Eureka Company, 866 Langs Drive, Cambridge, Ontario N3H 2N7. Refer to The Eureka Warranty for complete service information.

DO NOT OIL the motor or the brush roll. The motor and brush roll are permanently sealed and lubricated.

Thermal Cut Off

This vacuum cleaner has a special thermostat that protects the cleaner in case of motor overheating. If the cleaner suddenly shuts off, push the on/off switch off (O) and unplug the cleaner. Check the cleaner for a possible source of overheating such as a full dust cup, a blocked hose or clogged filter. If these conditions are found, fix them and wait at least 30 minutes before attempting to use the cleaner. After the 30 minute period, plug the cleaner back in and push the on/off switch on (I). If the cleaner still does not run, then take it to a Eureka Authorized Service Center for repair.

ASSEMBLY PARTS

- ① Vacuum cleaner
- ② Crevice tool

ASSEMBLY/ STORAGE

- ① Wrap electrical cord around the base of the cleaner. Secure electrical plug to cord to prevent cord from unwinding.

- ② Store crevice tool inside the base of the cleaner.

HOW TO USE

CAUTION: Moving parts. Make sure the power switch is in off (0) position before plugging in.

① Power Switch

② Riser Visor™ Nozzle Cover

The Riser Visor nozzle features a rotating cover over the brush roll. When the cover is in the normal position, the brush roll action is toward the bottom side of the nozzle to clean flat areas such as stair steps or upholstery.

Twist the cover downward to rotate the cover down exposing the front of the brush roll for cleaning vertical surfaces, e.g. stair risers, furniture backs.

Caution: To prevent injury, turn off the power switch and unplug cleaner before rotating the Riser Visor nozzle.

③ Cleaning Accessories

CAUTION: Moving brush roll, power switch should be in suction only position when using hose.

- ① Pull the hose from hose adaptor on cleaner.

HOW TO USE (continued)

- ② Pull the crevice tool out of the base of the cleaner.

- ③ Place the crevice tool on the end of the hose.

- ④ When cleaning is completed, store crevice tool back in the base of the cleaner and replace the hose in the hose adapter on the cleaner.

HOW TO MAINTAIN

The instructions given in this booklet serve as a guide to routine maintenance. To avoid unnecessary service calls, check the hose, dust cup and motor filter often. Clear a clogged hose, empty the dust cup if it is full, and clean the motor filter when it is dirty.

CAUTION: Turn off the power switch and unplug the electrical cord before emptying the dust cup or cleaning the dust cup filter.

CAUTION: Do not use the cleaner without the dust cup filter properly installed. This can damage the cleaner.

Hint: Some fine particles can restrict airflow very quickly and will decrease performance even before the dust container appears full. For that reason, when vacuuming carpet fresheners or cleaners, powder, plaster dust or similar fine substances, the dust cup and filter may need cleaning more often.

Dust Cup and Filter

- ① Pull back on the power switch to the "open cup" position and lift dust cup away from cleaner.

- ② Remove dust cup filter and dump dust cup in a waste container.

The dust cup filter can be cleaned by brushing off over a waste container. Do not allow to get wet.

The dust cup can be rinsed under running water and completely dried before replacing on cleaner. **We do not recommend putting it in a dishwasher.**

- ③ Replace dust cup filter in dust cup.
- ④ Put bottom edge of dust cup in cleaner as shown above and rotate down against cleaner firmly. Dust cup latch will automatically lock.

THE EUREKA LIMITED WARRANTY

What This Warranty Covers

Your Eureka cleaner is warranted to be free from all defects in material and workmanship in normal household use for a period of one year. The warranty is granted only to the original purchaser and members of his or her immediate household. The warranty is subject to the following provisions.

What This Warranty Does Not Cover

- Parts of the cleaner that require replacement under normal use, such as disposable dust bags, filters, drive belts, light bulbs, brush roll bristles, impellers and cleaning.
- Damages or malfunctions caused by negligence, abuse, or use not in accordance with the Owner's Guide.
- Defects or damages caused by unauthorized service or the use of other than Genuine Eureka parts.

What The Eureka Company Will Do

The Eureka Company will, at its option, repair or replace a defective cleaner or cleaner part that is covered by this warranty. As a matter of warranty policy, the Eureka Company will not refund the consumer's purchase price.

Warranty Registration

Please fill out and return the warranty registration card accompanying your cleaner.

Obtaining Warranty Service

To obtain warranty service you must return the defective cleaner or cleaner part along with proof of purchase to any Eureka Authorized Warranty Station. You will find the nearest location in the Yellow Pages, under "Vacuum Cleaners—Service and Repair." Be certain that the Warranty Station is "Eureka Authorized."

For the location of the nearest Eureka Authorized Warranty Station or for service information visit www.eureka.com, or telephone toll free: USA: 1-800-282-2886, Mexico: 5670-6169, Canada: 1-800-282-2886.

If you prefer, you can write to The Eureka Company, Service Division, 807 North Main Street, Bloomington, Illinois 61701, USA. In Canada write to The Eureka Company, 866 Lings Drive, Cambridge, Ontario N3H 2N7.

If it is necessary to ship the cleaner outside your community to obtain warranty repair, you must pay the shipping charges to the Eureka Authorized Warranty Station.

Return shipping charges will be paid by the Warranty Station. When returning parts for repair, please include the model, type, and serial number from the data plate on the cleaner.

Further Limitations and Exclusions

Any warranty that may be implied in connection with your purchase or use of the cleaner, including any warranty of Merchantability or any warranty for Fitness For A Particular Purpose is limited to the duration of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Your relief for the breach of this warranty is limited to the relief expressly provided above. In no event shall Eureka be liable for any consequential or incidental damages you may incur in connection with your purchase or use of the cleaner. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights. You may also have other rights which vary by state.

Questions & Answers about Genuine Eureka Products

Q: Why should I use only Genuine Eureka paper bags, belts, and parts in my Eureka vacuum cleaner?

A: **Using Genuine Eureka Products, which are made to our exacting specifications and engineered with emphasis on quality, performance, and customer satisfaction, ensures the long life and cleaning efficiency of your vacuum cleaner.**

Q: How can I be sure I am using only genuine Eureka products in my vacuum cleaner?

A: **Typically, packaged products and paper bags are labeled "Genuine Eureka Product".**

Q: Are there any differences between "made to fit" or "imitation" and Genuine Eureka paper bags, belts, and parts?

A: **Yes, there are some very important differences in materials, quality, and reliability.**

For Genuine Eureka Value, Accept No Imitations!
