numbers (IMFI):

There are no express warranties, whether written, oral or implied, other than this printed limited warranty or the mandatory warranty provided by your jurisdiction. In no event shall TCT Mobile or any of its affiliates be liable for incidental or consequential damages of any nature hatsoever, including but not limited to commercial loss, to the full extent those damages can be disclaimed by law. Some states do not allow the exclusion or limitation of incidental or consequential damages, r limitation of the duration of implied warranties, so the preceding

How to obtain Support: Contact the customer care center by calling (877-702-3444) or going to (www2.alcatelonetouch.com/usa/) to get warranty instructions. We have placed many self-help tools that may help you to isolate the problem and eliminate the need to send your ireless device in for service. In the case that your wireless device is no longer covered by this limited warranty due to time or condition we have other options that you may utilize our out of warranty repair

limitations or exclusions may not apply to you.

To obtain hardware repairs within the terms of this warranty create a user profile and then an RMA for your defective device. Then ship the device with a copy of the original proof of purchase (e.g. original copy of the dated bill of sale, invoice), the consumer's return address, wirele carrier's name, alternate daytime phone number, and email address with complete problem description. Only ship the device. Do not ship the SIM card, memory cards, or any other accessories such as the power adapter. You must properly package and ship the wireless device to the repair center. TCT Mobile is not responsible for devices that do not arrive at the service center or are damaged in transit, Insurance is recommended with proof of delivery. Upon receipt, the service center will verify the warranty conditions, repair, and return your device to the address provided in the RMA. Check the warranty repair status by going online with the RMA number on web portal.

Switch the mobile phone off when you are near gas or flammable Safety and use..... liquids. Strictly obey all signs and instructions posted in a fuel depot. gas station, or chemical plant, or in any potentially explosive

We recommend that you read this chapter carefully before using your When the mobile phone is switched on, it should be kept at least 15 mobile phone. The manufacturer disclaims any liability for damage. cm from any medical device such as a pacemaker, a hearing aid or which may result as a consequence of improper use or use contrary insulin pump. In particular when using the mobile phone you should

hold it against the ear on the opposite side to the device, if any. Read and follow the directions from the manufacturer of your implantable medical device. If you have any questions about using your mobile device with your implantable medical device, consult your healthcare provider

To avoid hearing impairment, answer the call before holding your mobile phone to your ear. Also move the handset away from your ear while using the "hands-free" ontion because the amplified volume might cause hearing damage

It is recommended to have proper supervision while small children use your mobile phone. When replacing the cover please note that your mobile phone may

contain substances that could create an allergic reaction. Always handle your mobile phone with care and keep it in a clean and

Do not allow your mobile phone to be exposed to adverse weather or environmental conditions (moisture, humidity, rain, infiltration of liquids, dust, sea air, etc.). The manufacturer's recommended operating temperature range is -10°C (14°F) to +55°C (131°F) (the max value depends on device, materials and housing paint/texture).

Over 55°C (131°F) the legibility of the mobile phone's display may be impaired, though this is temporary and not serious.

On not open or attempt to repair your mobile phone yourself. Do not drop, throw or try to bend your mobile phone.

Use only batteries, battery chargers, and accessories which are recommended by TCT Mobile Limited and its affiliates and are compatible with your mobile phone model TCT Mobile Limited and its mobile device in any location where posted notices instruct you to do

affiliates disclaim any liability for damage caused by the use of other chargers or batteries. Your mobile phone should not be disposed of in a municipal waste.

Please check local regulations for disposal of electronic products. Remember to make back-up copies or keep a written record of all

THIS DEVICE MEETS INTERNATIONAL GUIDELINES FOR

Your mobile device is a radio transmitter and receiver. It is designed

not to exceed the limits for exposure to radio waves (radio frequency

electromagnetic fields) recommended by international guidelines. The

guidelines were developed by an independent scientific organization

The radio wave exposure guidelines use a unit of measurement known

as the Specific Absorption Rate or SAR. The SAR limit for mobile

Tests for SAR are conducted using standard operating positions with

the device transmitting at its highest certified power level in all tested

frequency bands. The highest SAR values under the ICNIRP guidelines

Maximum SAR for this model and conditions under which

Body-worn SAR GSM 1800 + Wi-Fi + Bluetooth 0.832 W/kg

During use, the actual SAR values for this device are usually well

below the values stated above. This is because, for purposes of system

efficiency and to minimize interference on the network, the operating

power of your mobile device is automatically decreased when ful

power is not needed for the call. The lower the power output of the

Body-worn SAR testing has been carried out at a separation distance

of 1.5 cm. To meet RF exposure guidelines during body-worn

operation, the device should be positioned at least this distance away

from the body. If you are not using an approved accessory ensure

that whatever product is used is free of any metal and that it positions

Organizations such as the World Health Organization and the US

Food and Drug Administration have stated that if people are

concerned and want to reduce their exposure they could use a hands-

free device to keep the phone away from the head and body during

phone calls, or reduce the amount of time spent on the phone
