Enjoy your Language Teacher® ET200D and make it your personal travel and business guide.

As continuous efforts are made by the manufacturer to improve quality and performance of the Language Teacher® products, some characteristics or the design of the actual device you purchased may slightly differ from their description in this manual.

## Keyboard

The standard American QWERTY keyboard layout enhanced with additional Turkish letters allows you to enter any word just in seconds.

English and Turkish character sets and a numeric layout can be switched between in repeating sequence by pressing the  key. In the main dictionary, however, the input language selection is handled automatically to comply with the current source language, and the  key is disabled.

To access Turkish accented letters, as well as hyphen, period, and apostrophe, press and release  prior to using the corresponding key.

An additional symbols set is available through pressing +SYMB. Use   to see more symbols. Press the indicated number key to insert a selected symbol.

Use the  $\wedge$   $\vee$   $\blacktriangleleft$   $\blacktriangleright$   $\blacktriangledown$   $\blacktriangleup$  keys to move between the *Icons Menu* screens. Use the arrow keys to highlight icons of the displayed *Menu* portion. Press  $\downarrow$  to open the section whose icon is highlighted.

## POWER SUPPLY

The Language Teacher® ET200D is powered by two main CR2032 batteries and a CR1220 memory backup battery.

- ◆ **Note:** After purchasing the Language Teacher® ET200D install the main batteries (included) as described below.

When the batteries become weak, a warning message will be displayed. In order to prevent a complete discharge of batteries and possible loss of

data in RAM, replace the whole set of main batteries promptly. Do not mix old and new batteries.

- Press the ON/OFF key to turn the unit off.
- Remove the battery compartment cover by sliding it away from the unit.
- Use a small screwdriver to remove the metallic brace that holds batteries in place.
- Take out the old batteries and put in new ones.
- ◆ **Note:** Make sure to place both batteries so that the plus signs (+) are on top.
- Secure the batteries in place with the metallic brace.
- Put back the battery compartment cover by sliding it toward the unit. Make sure the cover sits in place properly.
- ◆ **Note:** You have 2 minutes to replace the batteries without risk of losing data stored in RAM. **Do not exceed the 2 min. limit! Neither manufacturer nor dealer may be held responsible for the loss of user's data.**
- ◆ **Note:** Never try to remove batteries from the translator when the power is on. This can seriously damage the device. If you experience difficulty turning the unit off, press the RESET button located on the back near the battery compartment cover to reinitialize the system.

During a system reset, press N at the prompt <CLEAR DATA? Y/N> or <ERROR! CLEAR? Y/N> to attempt preserving user's data and the customized system configuration. However, if RAM has been

corrupted, or if you turn the dictionary on for the first time, you will have to press Y to reinitialize the system.

## SETUP MAIN MENU

For best results and to ensure that you can fully employ all of the Language Teacher® ET200D's diverse features, you have to familiarize yourself with options of the *Setup Main Menu*, which will allow you to adjust the device configuration to better suit your needs.

- *Password*
  - *Key Tone*
  - *Date Format*
  - *Time Format*
  - *Set Local Time*
  - *Alarm On/Off*
  - *Set Daily Alarm*
  - *Memory Used*
  - *Display Language*
- ◆ **Note:** All prompts and messages appear in English by default. To change the display language to Turkish, start the customization from option 9. *Display Language*.

## 1. Password

- Press ON/OFF to turn the translator on.
- Press the  key on the keyboard or select the icon  on the bottom *Icons Menu*.

```
1 . PASSWORD
2 . KEY TONE
3 . DATE FORMAT
4 . TIME FORMAT
```

- Press 1 or make sure the *Password* line is highlighted and press ↓ to see the *Password* menu:

```
SET PASSWORD
CLEAR PASSWORD
```

- Select *Set Password* to open the *Password* setup screen.

```
ENTER NEW PASSWORD:
```

```
—
```

- Enter a password up to 8 characters long.
- Press ↓ to save the password and return to the *Password* menu. A key sign will appear in the upper left-hand corner of the screen indicating that user's records are password-protected.

- Press ESC or  to return to the *Setup* main menu.
- To change the password, re-open the *Password* menu and select the *Set Password* option.

```

ENTER OLD PASSWORD :
—

```

- Specify your password. If the input didn't match the current setting, the message *Wrong Password* will appear.
- If the input matched the actual password, the prompt will change to *Enter New Password*. Type in a new password and press ↵ to save and return to the *Password* menu.
- Press ESC or  to return to the *Setup* main menu.
- To delete the password, thus removing the data protection, re-open the *Password* menu and select the *Clear Password* option.
- Specify your password at the prompt. If the input didn't match the current setting, the message *Wrong Password* will appear.
- If the input matched the actual password, the key sign will disappear, and the display will return to the *Password* menu. User's records will no longer be password-protected.

- ◆ **Note:** Always remember your password. If you forget it you will need to reset the dictionary, which will cause loss of user's data stored in RAM.

## 2. Key Tone

- On the *Setup* main menu, press the 2 key, or highlight the *Key Tone* line and press ↵ to enter the *Key Tone* setup.

```

          SET KEY TONE

- Press the  $\downarrow$  key.

- Highlight the TURKISH line and press  $\downarrow$ . The options names will change to Turkish.

- Press ESC to return to the *Setup* main menu. Now all messages will appear in Turkish.

## DICTIONARY

The Language Teacher® ET200D contains the most advanced English-Turkish and Turkish-English electronic dictionaries on the market. In order to fully utilize the potential of this dictionary carefully read this section of the User's Guide.

### General Dictionary Function

- Press the ON/OFF key to turn the dictionary on.
- Press the  key on the keyboard or select the icon  on the top *Icons Menu* to enter the main

*Dictionary menu.*

- Select a translation direction by moving the highlight bar to the corresponding icon, and press  $\downarrow$ .

- ◆ **Note:** To reverse the translation direction, press ESC to exit to the *Dictionary* menu and select the opposite icon.
- Using the keyboard enter the word you want to have translated.
- ◆ **Note:** To input Turkish accented characters on the Turkish>English dictionary's input screen, use ↑ before pressing the corresponding letter key.  
Suppose you want to translate the English word CATCH into Turkish.

```

ENGLISH -> TURKISH

CATCH_
CATCH

```

- ◆ **Note:** Use ↑+▼ to switch between the *Insert* and *Overwrite* input options, DEL to delete a character, ESC to clear the screen.
- Press ↵ to display the dictionary entry.

```

CATCH
N
ALDATMACA; YAKALAMA;
TUTMA; AV; VOLÍ; KÂR

```

- Press the ▼ key to see more translations of the word CATCH. To scroll back up, use ▲.

Words of the same spelling are contained within one entry. The translations are organized under appropriate part of speech abbreviations. Within a

part of speech, distinctive meanings are numbered, close synonyms are separated by commas.

Individual translations or meanings may include indicating material, for example: geographical labels in parentheses (AMERICAN), field labels in braces {ECONOMICS}, style and usage labels in square brackets [COLLOQUIAL], other sense-differentiating information in angle brackets <ANIMAL>.

- Press the ∨ or ^ key to go to the alphabetically next or previous entry, respectively.
- ◆ To translate another word in the same dictionary, start typing, and the input screen appears automatically.
- ◆ Press ESC to return to the input screen.”

## Advanced Word Recognition

Your Language Teacher® ET200D is equipped with an *Advanced Word Recognition* feature. While you are typing the word you want to translate, a word closest to it in spelling appears on the screen's bottom line. If the desired word appeared before you finished typing, press ↵ to see its translations.

- Start typing, for example, APPOINT in the English-Turkish dictionary. When you reach the letter O the word appears at the bottom.

```

ENGLISH -> TURKISH

APPO_
APPOINT

```

- Press ↵ to display the translations.

```

APPOINT
V
SAPTAMAK ;
KARARLAŖTIRMAK ;

```

Proper usage of this function allows you to accelerate your work while translating larger texts.

## Cross Search

Your Language Teacher® ET200D is equipped with a *Cross Search* function, which provides an instant reverse translation for all words in the main *Dictionary*.

- Type, for example, APPOINT in the English->Turkish dictionary and press ↵ to see the translations.

```

APPOINT
V
SAPTAMAK ;
KARARLAŖTIRMAK ;

```

- Press ► to highlight the first translation, then use any arrow key to highlight a word of your choice, for example:

```

APPOINT
V
SAPTAMAK ;
KARARLAŖTIRMAK ;

```

- Press ↵ for an instant reverse translation of the highlighted word:

```

SAPTAMAK
V
DETERMINE ; ESTABLISH ;
STATE ; ASSIGN ; FIX

```

- To make another *Cross Search*, repeat steps 2 and 3. You may use this feature up to 10 times during one session.
- ◆ **Note:** Pressing ESC returns one step back in a series of reverse translations.

## Spell-Checker Vector Ultima™

The spelling checker Vector Ultima™ is one of the most advanced English proofing tools on the market. It comes in handy when you are unsure of a word's exact spelling.

- Type, for example, RICIT for *receipt*.

```

ENGLISH -> TURKISH

RICIT_   RICK

```

- Press SPELLER. A list of suggestions is displayed on the screen.

```
RACHITIC
RACHITIS

RECEPT;
```

- ◆ **Note:** If the spelling checker is unable to suggest alternative words, the message ENTRY NOT FOUND will be shown.

## USER'S DICTIONARY

The Language Teacher® ET200D allows you to create your own vocabulary which automatically links to the main dictionary.

- Select the icon  on the top *Icons Menu* to enter the *User's Dictionary* menu.

- Select a translation direction by highlighting the corresponding icon and pressing ↵.
- ◆ **Note:** If a *Password* has been set up in the *Setup* main menu, you will be prompted to enter the valid password.

```
E : _
T :
```

- Fill out the record, using the ◀▶ keys to move the cursor within a line, the ▼▲ keys to alternate between *English* and *Turkish* lines (you may also press ↵ to move to the lower line). See section *Keyboard* p.4 for editing instructions and control keys assignments. Press ↵ while on the bottom line to save the record.
- **Note:** The input language is adjusted automatically.
- List existing records with the ^v keys.
- To change an existing record, press SHIFT+▶.
- To open a new record template while an existing record is being displayed in the viewing mode, press ESC.

- ◆ **Note:** If you press ESC after editing, you will be prompted to decide whether the new record or changes to an old record are to be saved.
- To delete a record, press DEL and confirm the displayed prompt.
- To open a *User's Dictionary* record from the main *Dictionary*, enter your record's headword **in full** on the input screen of the appropriate main *Dictionary*, and press ↵.

## IRREGULAR VERBS

All commonly used English irregular verbs are stored in the Language Teacher® ET200D's *Irregular Verbs* directory in the alphabetical order.

- Select the icon  on the top *Icons Menu* to open the input screen of the *Irregular Verbs* section.

- Start typing the verb whose basic forms and a Turkish translation you want to see.

- Press ↵ when the desired verb appears on the bottom line.

- Use the ∨ and ∧ keys to page through records.
- Use the ▼ and ▲ keys to scroll a record, if necessary.

You may use the *Cross Search* feature to display the main dictionary entries for both English and Hungarian verbs. Refer to the *Dictionary* section for details.

## AMERICAN IDIOMS

Over 200 popular American idioms and their Turkish equivalents or translations are included in the Language Teacher® ET200D's *Idioms* directory. The idioms are listed in the alphabetical order.

- Select the icon  on the top *Icons Menu* to open the input screen of the *Idioms* section.

- Start typing an idiom, for example:

```

          IDIOMS
SK_
SKELETON IN THE CLOS
  
```

- Press ↵ when the desired idiom appears on the bottom line.

```

SKELETON IN THE
CLOSET
BÜYÜK SIR;
UTANILACAK SIR; AİLE
  
```

- Use the ∨ and ∧ keys to page through records.
- Use the ▼ and ▲ keys to scroll a record, if necessary.

You may use the *Cross Search* feature to display the main dictionary entries for both English and Turkish words. Refer to the *Dictionary* section for details.

```

- ◆ **Note:** The first two lines show the current date and the current time in the format customized in the *Setup* menu. Should you need to change the format, go to the *Setup* menu and make the required modifications.
- Press ▼ or ↵ to move to the next line when creating a record with today's date. Otherwise, type a new date with the number keys, using the ◀▶ keys if needed to move the cursor.
- Specify the starting and ending time of the affair on the second and third line, respectively. In the 12-hour format the letter A stands for AM, P for PM.
- ◆ **Note:** Use the ▼▲ keys if necessary to move to the next or previous line (you may also press ↵ for the

next line). If date or time specified is invalid, the record will not be saved.

- Fill out the *Affair* line, using the ◀▶ keys to move the cursor within the line. See section *Keyboard* p.4 for editing instructions and control keys assignments.
- On the last line *Alarm* indicate by entering Y or N whether an audible signal should announce the start time of the affair. In order for this to happen, both the *Schedule* signal and the general *Alarm* (option 6 of the *Setup* main menu) must be turned on.
- Press ↵ on the *Alarm* line to save the record.
- ◆ **Note:** You may enter information in the English or Turkish language. To switch between them and a numeric layout in sequence, press the ⇄ key.
- List existing records with the ^v keys.
- To change an existing record, press SHIFT+▶.
- To open a new record while an existing record is being displayed in the viewing mode, press ESC.
- ◆ **Note:** If you press ESC after editing, you will be prompted to decide whether the new record or changes to an old record are to be saved.
- To delete a record, press DEL and confirm the displayed prompt.
- ◆ **Note:** You can use the *Calendar* section (see p.34) to open existing *Schedule* records, dates of which are marked on the *Calendar* with an apostrophe.

## CALENDAR

The *Calendar* gives you a convenient way to search and open the *Schedule* and *Anniversary* records.

- Select the icon  on the middle *Icons Menu* to enter the *Calendar* screen.

- **Note:** The *Calendar* opens on the current date shown in the upper left-hand corner of the screen. The date format depends on the option chosen in the *Setup* main menu. Dates of existing *Schedule* and *Anniversary* records are apostrophized or framed, respectively.
- Move by date using the ◀▶▼▲ keys. Move by months with the ^v keys.
- To open either a *Schedule* or an *Anniversary* record, the date of which is marked on the *Calendar*, highlight this date and press ↵.
- **Note:** If the selected date applies to both *Schedule* and *Anniversary*, an intermediate menu will be shown:

Highlight an option and press ↵ to open the appropriate record.

## TIME

- Press the  key on the keyboard or select the icon

 on the middle *Icons Menu*.

### Home Time

- Select  on the *Time* menu.

- ◆ **Note:** New York, USA is chosen by default. Should you need to select another city, or modify the date and time or their display format, go to the *Setup* main menu and make the required changes.

## World Time

- Select  on the *Time* menu. The following prompt will be displayed:

```
ENTER FIRST LETTER

In the *Anniversary* section of your Language Teacher® *ET200D* you can conveniently store information on birthdays, various commemorative dates and other recurrent events.

- Select the icon  on the middle *Icons Menu* to open a new *Anniversary* record template.
- ◆ **Note:** If a *Password* has been set up in the *Setup* main menu, you will be prompted to enter the current password.

```
DATE : 01/01
CONTENT :
```

- ◆ **Note:** The first line shows the current date in the format selected in the *Setup* menu. Should you need to change the format, go to the *Setup* menu and make the required modifications.
- Press ▼ or ↵ to move to the next line when creating a record with today's date. Otherwise, type a new date with the number keys, using the ◀▶ keys if needed to move the cursor.
- Fill out the *Content* line using the ◀▶ keys to move the cursor within the line. See section *Keyboard* p.4 for editing instructions and control keys assignments. Press ↵ on the *Content* line to save the record.
- ◆ **Note:** If date specified is invalid, the record will not be saved.

- ◆ **Note:** You may enter information in the English or Turkish language. To switch between them and a numeric layout in sequence, press the  $\leftrightarrow$  key.
- List existing records with the  $\wedge \vee$  keys.
- To change an existing record, press SHIFT+►.
- To open a new record while an existing record is being displayed in the viewing mode, press ESC.
- ◆ **Note:** If you press ESC after editing, you will be prompted to decide whether the new record or changes to an old record are to be saved.
- To delete a record, press DEL and confirm the displayed prompt.
- ◆ **Note:** You can use the *Calendar* section (see p.34) to open existing *Anniversary* records, dates of which are framed on the *Calendar*.

## CALCULATOR

The *Calculator* is one of the Language Teacher® *ET200D*'s features designed for your convenience.

- Press the  key on the keyboard or select the icon

 on the bottom *Icons Menu*.

- Use this function as a regular pocket calculator.

## ACCOUNT MANAGER

The *Account Manager* section of the Language Teacher® *ET200D* allows you to keep track of your banking transactions.

- Select the icon  on the bottom *Icons Menu* to enter the *Account Manager*.

- Using the  $\blacktriangledown \blacktriangle$  highlight one of the options: *Account*, *Deposit*, *Withdrawal*, or *Transfer*, and press  $\downarrow$  to open a new record template.

### Metric Conversion

With your Language Teacher® *EHu200D* you may easily convert measurements from the American system into the metric system commonly used in Europe and vice versa.

- Select the icon  to enter the *Metric Conversion* section.

```

METRIC CONVERSION
LENGTH
AREA
VOLUME

```

- Use the ▼▲ keys to highlight an option, e.g. *Length*, and press ↵:

```

          LENGTH
FT<>M
YD<>M
MILE<>KM

```

- Select a unit pair, for example, yard<>meter

```

          LENGTH
YD : 0.
M : 0.00

```

- Choose a source measurement unit, moving the highlight bar with the ▼▲ keys.
- Enter a numeric value in the highlighted field. Its equivalent will be calculated instantly and shown on the other line.
- Use ESC to return to the previous screen.

## Currency Conversion

The *Currency Conversion* function built into your Language Teacher® *ET200D* allows you to instantly convert amounts in 12 currencies.

- Select the icon  to enter the *Currency Conversion* section.

```

CURRENCY CONVERSION
SET CURRENCY NAME
SET CURRENCY RATE
CONVERSION

```

- To change or add a currency label, select the option *Set Currency Name*.

```

          SET CURRENCY NAME
USD

- To specify a rate for a currency, highlight the corresponding line using the ▼▲ keys and press ↵, for example:

SET CURRENCY RATE	
TRL	1.000
	0.

- Type in an exchange rate based, for example, on the US dollar (the rate of which has to remain at 1.000), pressing the ↵ key to save the value.
- Specify exchange rates for other currencies.
- Press ESC to return to the *Currency Conversion* menu.
- Select the option *Conversion*.
- Highlight a currency name using the ▼▲ keys and press ↵.
- Enter an amount for conversion and press ↵ to see equivalents in other currencies.

## GAMES

The Language Teacher® *ET200D* features a number guessing game *Master Mind* and a learning game *Hangman*, which improves your spelling skills and

enhances your personal vocabulary

- Select the icon  on the bottom *Icons Menu* to open the *Games* menu.

### Master Mind

- On the *Games* menu, select the icon  to enter the *Master Mind* menu.
- Choose a difficulty level. On the high level the number may contain repeated digits. You have 12 attempts to guess a four-digit number.
- Type in a number and touch ↵ to see the result of the guess on the right-hand side of the screen.

1.	1 2 3 4	
2.	2 3 4 5	
---	3.	2 4 5 6
		

A solid circle means that one of the digits you entered is present in the number but occupies another position. A ring indicates the presence of a correctly guessed digit in its proper position.

If you succeed or use up all tries, a corresponding message will be shown.

## Hangman

- On the *Games* menu, select the icon  to start the

### Hangman Word Game.

- Enter letters trying to guess the word. The correctly guessed letters appear in place of question marks in their actual positions in the word. The missed letters are shown for reference on the dash line. An element is added to the picture at right with every non-repeated missed letter.

When the game ends, the message *Congratulation!* or *You lost!*, depending on the outcome, appears on the screen for a second. If you could not guess the word, the translation of the word is also displayed. Press ESC to start a new game.

## DATA DELETION

Using the *Data Deletion* function of the Language Teacher® *ET200D* you can free up the memory by deleting user's data from selected organizer sections.

- Select the icon  on the bottom *Icons Menu* to enter the *Data Deletion* menu.
