- User Guides

Power On/Off
Auto On/Off
Manual On/Off
6 pin FireWire
4 pin FireWire
USB
Plug for Power Adapter

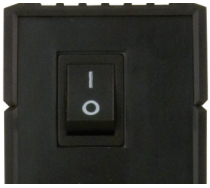

Press the power switch on the back of DriveStation to the OFF position. Plug DriveStation's power cord into a power outlet. Then, connect a USB or firewire cable into a matching port on the back of DriveStation.

Connect the USB or firewire cable to your Mac or other device you are adding the DriveStation to.

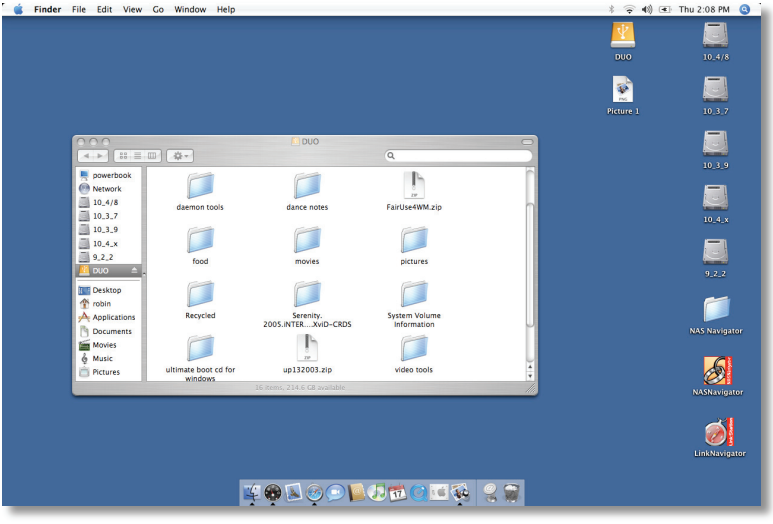

Flip the power switch on the back of the DriveStation to the ON (“I”) position.

Your Mac will detect the new drive and place an icon on your desktop.

Your DriveStation is now ready for use! Double-click on the icon to open the hard drive.
