AISEN INDUSTRIAL CO., LTD.

Kitchen Cleaning

The innovative materials that make up each of Aisen's sponges allow for the use of smaller amounts of soap and cleaning agents. The tiny holes allow oxygen and cleaning agents deep into the sponge to create a rich, thick, foamy lather. They also allow the sponge to dry quickly without leaving soapy residue on the surface. One of Aisen's sponges allows you to wipe away water stains, oil films, grime and more with just water because of the special Polyester netting material. With long lasting products and many soap-saving items, Aisen is both environmentally and economically friendly.

Bathroom Cleaning

Aisen offers a wide variety of unique shapes and beautifully colored cleaning solutions. The compact and fun colored Toilet Brush with Stand fits nicely in a corner or along the wall. Eco-Friendly Double Sided Bath Sponge is encased in microfiber and netting and allows easily wipes away dirt and grime without cleaning agent. Naturally Adhering Bathtub Sponge will repeatedly adhere to bathroom or kitchen tile, sinks and other hard surfaces. Press the white adhesive side onto the hard surface for convenient storage when not in use. Aisen's cleaning products are sure to inspire a more enjoyable side of cleaning!

Body Washing Towel

Aisen's long length Body Washing Towel makes it easy to wash the back and front side of the body. Massages the skin as it gently exfoliates to help wash away stress and dead skin. Lathers and cleans with just a small

amount of body soap. They come in 3 different colors: Blue, Green and White and textures: Soft, Medium and Hard for all personal preferences. Our Japanese-made products uphold the reputation as an industry leader in good design and product quality.

Laundry Hanger

Our family of hanging laundry dryers is the innovative Japanese technology that is put into each product. The Clip and Dry Portable Hanging Dryer comes with 3 different sizes from 10 clips to 30 clips. Folds in half for easy storage in a flat, compact position and the clips will not leave marks. Hang and Dry is ideal for hang-drying wet or damp clothes on shower rod or using a single hook to hang up to 6 shirts in one single hanger space on closet rod. Aisen proves to be not only functional, but truly unique!

AQUASANA / SUN WATER SYSTEMS

Powered Water Filtration System

Aquasana introduces the Powered Water Filtration System (PWFS), a powerful advancement in water filtration. The PWFS delivers the performance of a professional filtration system, for a fraction of the price—no installation required.

While traditional pitchers use gravity, the PWFS uses power to filter water right before your eyes. Aquasana's selective Claryum filtration removes 10x the contaminants of other pitcher filters and is tested to remove 96% of chlorine and chloramines (chlorine + ammonia disinfectant), lead, mercury, herbicides, pesticides and asbestos, while retaining healthy minerals like Calcium, Potassium and Magnesium. Plus, it has the longest-lasting filter, offering the lowest cost-per-gallon.

Reduce Fire + Ice Divot Tumblers

Reduce presents the 13-oz. Divot Tumbler, a fun and colorful new look for its Fire + Ice collection of insulated beverage bottles that keep drinks reliably hot or cold for up to 6 hours. Designed for compatibility with single cup brewers, it also fits into standard car cup holders. Cute little circular divots create a textured pattern that makes this tumbler easy to grip and fun to carry. It comes in three appealing color combinations: purple accented with teal, gray accented with pink and teal accented with lime green. \$14.99. Spring 2015.

Reduce Double Wall Stainless Pint Glasses

To complement its growing collection of Growlers, Reduce presents new Double Wall Stainless Pint Glasses. Their classic flair shape and rolled edges represent the straightforward simplicity of style that appeals to the beer drinker's sensibilities. Unbreakable and lighter weight than glass, they are designed for indoor or outdoor use. With clean lines and a handsome stainless finish, they embody quality without fussiness. As with the best in barware, these eco-friendly glasses can be used again and again, and they are easy to clean. \$17.99. Spring 2015.

BIALETTI

Bialetti Granito X-TRA Cookware

Bialetti's Granito X-TRA cookware line was designed with a speckled, granite-like finish that has the feel of cooking on a hot stone. It has extra durable features for better performance, especially when sear-roasting from stovetop to oven, and the granite sear n' release nonstick interior allows users to use less oil for healthier cooking. Oven safe to 400°F, Granito X-TRA's collection features a PFOA-free nonstick interior that is safe for metal utensils. Available now in 8", 10" and 12" sauté pans, 5-qt dutch oven, 11" deep sauté pan, a 2-qt sauce pan and a 10-piece set for \$19.99-\$169.

Bialetti Moka Express Colors

Bialetti's iconic Moka Express -- the original stovetop coffee maker first introduced 80 years ago by Alfonso Bialetti -- is now available in four new bright colors of red, orange, blue and purple. The unique aluminum stovetop coffee maker is the #1 coffee maker in the world, and its design is featured in the Museum of Modern Art. Available in the 6-cup size, the color Mokas have an MSRP of \$39.99 and are currently available at Bed Bath & Beyond, bedbathandbeyond.com and www.bialetti.com.

Bialetti Aroma Classico Coffee

Bialetti's new Aroma Classico coffee is a strong full-bodied blend and ideal for use with the Moka Express stovetop coffee maker. The classic Italian roast is comprised of 70% Arabica, a homogenous mix of natural Brazilian Arabica and washed Arabica from Guatemala, which gives the blend an aromatic, intense and full-bodied base, with

chocolately notes; and 30% Robusta, mainly from India and Vietnam, to give this coffee body and intensity. The Aroma Classico is available in an 8.8-oz aluminum can for a MSRP of \$12.99 at www.bialetti.com.

Bialetti TerraCotta X-TRA Cookware

The inspiration behind TerraCotta X-TRA was to introduce an earthy and healthy cookware line that ties together the feeling of old world slow cooking but with advanced new world technology. We colored our metal utensil-safe X-TRA nonstick coating to emulate clay. Then we combined the clay-like interior with a rich brown exterior and a brushed, oven-safe stainless steel handle creating a rustic artisan line of nonstick cookware. With Bialetti's lifetime guarantee, TerraCotta X-TRA is available in 8", 10" and 12" sauté pans, 5-qt dutch oven, 11" deep sauté, 2-qt sauce pan and 10-piece set for an MSRP of \$24.99-\$199.99.

BONNE O INTERNATIONAL INC.

Zilo Smellkiller

The Zilo Smellkiller Room Diffuser Sticks and the Zilo Smellkiller Refrigerator Egg meet consumer demand for products that are easy, eco-friendly and economical. Made in Germany using proprietary technology, they eliminate odors naturally, without using chemicals, sprays or electric current. A special high-grade stainless steel alloy with countless small grooves literally pulls odors out of the air and neutralizes them; all it needs is exposure to air and oxygen. The Room Diffuser Sticks can be kept in a vase, by themselves or in a flower arrangement. The Refrigerator Egg eliminates the need for baking soda or other chemicals to freshen the refrigerator. Starting at \$24.95.

Frieling Black French Press

Frieling’s first Black French Press has a new two-stage filtering process, combining a coarse screen with a patented super-fine mesh stainless steel screen that removes coffee sediment so it doesn’t end up in your cup. The elegant black finish is created with a PFD coating process that embeds the color into the 18/10 stainless steel so the finish will never wear off. UV coating makes it fingerprint resistant. Frieling’s design features double-wall insulation to retain heat up to four times longer than a glass press. BPA free. Dishwasher safe, with no plunger disassembly needed. 23 fl. oz. \$99.95. OXYGEN ORCHARD, INC.

The Big Pitcher

The Big Pitcher is a small electric appliance that oxygenates your drinking water. In operation, it produces a zen-like effect, as the fine bubbles rise slowly through the water column, releasing the life-giving element, oxygen. It is made in the USA, is BPA-free and infuses water

with oxygen in minutes. Why oxygen? Hypoxia is a common occurrence in which the cell has inadequate oxygen to meet its energy needs. Drinking oxygen-rich water studies have shown helps alleviate hypoxia. Oxygen-rich water tastes the way water was meant to taste -- refreshing and smooth, almost addictive.

PMI

Aladdin Classic Mason Salad Jar 34-oz.

Pretty as glass, without the worry you'll break it. Introducing the newest member of our successful Mason collection—the Classic Mason Salad Jar. With all the charm of the iconic Mason jar, ours is made with durable, stain-resistant Eastman Tritan®, meaning it won't break when you take it to go (i.e. toss/drop/generally abuse it). Includes a built-in dressing container to keep dressing separate for a crisp salad. Leak-proof, dishwasher safe and BPA Free. Available Spring 2015.

Aladdin Recycled & Recyclable Mug 16-oz.

Recycled never looked so good. Our updated Recycled & Recyclable Mug is the perfect mashup of sustainability and fool proof functionality. We've added our new intuitive leak-proof flip lid—flip back to sip, flip forward to seal (it's really that simple). Double-wall insulated and car-cup friendly, it's the perfect on-the-go mug. And it is made of eCycle®, Aladdin's proprietary blend of recycled plastic that is also recyclable (although we don't think you'll ever want to!). Microwave safe, dishwasher safe and BPA free. Available Spring 2015.

Aladdin Insulated Milk Bottle Tumbler 20-oz.

The new shape of nostalgia. Introducing the Insulated Milk Bottle Tumbler, which combines an iconic silhouette with modern functionality. Double-wall insulated to keep drinks hot or cold, this tumbler also features a smoothie-sized straw and no-sweat exterior. The two-way lid makes it easy to sip and to add ice or clean. Dishwasher safe and BPA free. Available Spring 2015.

Aladdin 3-Piece Chip & Dip Set

Nothing says party like a chip & dip. Designed with mobility in mind, this set includes a chip bowl + nesting dip bowl with lid that are perfect for parties and everyday entertaining.

We also made them durable and lightweight so they can be used indoor or outdoor—your patio is calling and it wants some chip & dip!

Microwave safe, dishwasher safe and BPA free. Available Spring 2015.

Split It Laundry bag

If there's anything worse than doing laundry, it's sticking your hand back in that bag of dirty clothes to sort your dark load from light load. Now imagine that you can sort your laundry as you create it! Enter the Split Laundry bag. It has a divider down the middle so you can pre-sort your clothes. Each section seals off independently from the other for easy transfer to the washing machine. For our convenience, we've added hardy backpack straps and two large pockets for detergent, books and other essentials. Save time. Save hand sanitizer.

EyePockit Glasses Case

Think about what you carry with you daily: Glasses, phone, cash, cards, keys, ID, at the least. Now imagine you could stash all that stuff into one, hands-free little case. That's exactly what the EyePockit does, and more, because our handy clutch is an over achiever. Card slots are RFID blocking to prevent identity theft. Its adaptable phone slot can tightly fit any size ranging from iPhone to the Galaxy Note. The EyePockit also has a nifty ID window with a mirror built in right next to it. The zipper is neatly tucked away so you can stash your glasses scratch-free.

StretchLaces

How many times do you tie and untie your laces each day? Picture what you'd do with all that free time. Reclaim that time with our StretchLaces. These laces allow you to pull open your shoe and slide your foot in without the hassle of untying knots. Because shoelaces should be not just practical but fashionable as well, we have tons of options, including dress laces, and have 15 colors sold in packs of 3. StretchLaces are perfect for all members of the family, but are extra handy for kids and the elderly and those pesky airport security lines.

ZERO TECHNOLOGIES LLC

ZeroWater Filter Tumbler - Gray

ZeroWater's 5-stage, dual ion exchange filtration system is now available in a personal, 26-oz. tumbler. The tumbler fits most cupholders and its elegant hard plastic construction features a leak-resistant assembly as well as a textured rubber lid for optimal grip. This silver option is sleek, stylish, BPA-free and dishwasher safe. The filter is the only filter in its class that meets the FDA definition for the TDS in purified bottled water—bottled water taste without the waste. An exclusive color-change technology takes out the guesswork: when the window turns yellow, it's time to change your filter. Retail for \$14.99

ZeroWater Stainless Steel Pitcher

Great-tasting water now comes in a modern, stainless steel design. The ZeroWater filtration system combines FIVE sophisticated technologies that work together to remove virtually all dissolved solids from tap water, delivering great tasting water. BPA-free, 8-cup ZeroWater pitcher prioritizes both form and function in that it is constructed from stainless steel and translucent black plastic. It comes with a laboratory-grade water testing meter that indicates precisely when it's time to change the filter while demonstrating how ZeroWater leaves virtually zero dissolved solids in water. Also included is one 5-stage dual ion-exchange filter and a guarantee for great-tasting water. Retail for \$39.99

While most countertop filter systems only use two stages, ZeroWater's filters use five sophisticated stages, including dual Ion Exchange technology, to remove 99.7% of all contaminants in tap water. It's the only water filter in its class that meets the FDA definition for TDS in purified water, now in convenient, Brita-sized filters.

ZeroWater Ready-Pour Pitcher

Get the great-tasting water of ZeroWater's patented five-stage Ion Exchange system but without the wait. The Ready-Pour pitcher is the first in its class that has a sealed lid and reservoir, making it possible to pour filtered water without spilling water that's still filtering. The reservoir can now be kept full, adding a full two cups' capacity to the existing 8-cup design. The Ready-Pour pitcher employs ZeroWater's sophisticated filtration system to remove virtually all dissolved solids from the tap. Ready-Pour comes with one patented Ion Exchange filter, a laboratory-grade water testing meter and a guarantee to enjoy great-tasting, purified water.

ZeroWater Brita Replacement Filter

Introducing the first premium filter for Brita pitchers. This filter offers an alternative to the standard 2-stage Brita filter, which can only remove about 50% of TDS. It enables filtered water drinkers to try the latest filter technology without having to commit to purchasing a whole new filtration system.

The unit has several menu settings, including white, short and medium grain rice, a new Jasmine setting, mixed, sushi, porridge, sweet, brown, GABA brown and quick cooking. Available in 5½-cup and 10 cup sizes, the cooker has offers features that make clean-up a snap. The outer clear-coated stainless steel exterior is easy to wipe down and the inner stainless steel lid detaches for cleaning. The non-stick, thick black inner pan washes easily. Accessories include a rice spatula, spatula holder that attaches to the side of the cooker and a measuring cup.

VE® Hybrid Water Boiler & Warmer

Tea aficionados will appreciate the four new keep-warm temperature settings along with the convenience of hot water at the touch of a button. VE stands for Vacuum-Electric, which means the stainless steel double-insulated wall and vacuum insulation keeps water hot with very little electricity. This sets the VE® Hybrid Water Boiler & Warmer apart from other models; it uses less energy while maintaining water temperature for an extended period and its non-electric keep-warm mode uses no electricity keeping the water hot using only vacuum insulation. The micro-computerized temperature control system maintains temperatures of 160°F, 175°F, 195°F and 208°F, optimal for brewing different varieties of teas.

free. The 10-cup unit brews coffee at 200°F, the optimal temperature for best tasting coffee. Other features include 24-hour programmable timer and clock, a removable water tank that is fully washable and swing and filter baskets that lift out easily for thorough cleaning. A "clean light" indicator illuminates when cleaning is recommended.

Stainless Tumbler (SX-DA and SX-DC)

Zojirushi's new vacuum insulated tumbler is perfect for hot or cold beverages on-the-go. Because it's vacuum insulated, the container will never be hot or wet from condensation. This new stylish design is available in an assortment of sizes and colors. The stainless steel finish (SX-DA30/45/60) is available in 10, 15 or 20-oz. capacities, and is dishwasher safe. The 15-oz. size comes in 3 additional colors (SX-DC45), Brown, Gold and Black, and are handwash only. The lip of the tumblers are rounded for drinking comfort and the interior is SlickSteel® polished to minimize stains.
