Plug-n-Play USB Storage Solution

The DriveStation SATA USB 2.0 Hard Drive offer a quick and easy way to instantly store, access, backup and transfer your music, photos, videos and other files. Easy to set up, the DriveStation connects to any device with an available USB port, including desktop and notebook PCs, Apple Macs, LinkStations and TeraStations.

Note: A DriveStation can only be connected to one device at a time, however, it can be moved from one device to another at any time.

Store.
Backup.
Secure.

Protect Your Data with SecureLockWare™!

In an age of digital storage, ensuring data confidentiality is a necessity. Secure Lock Ware encrypts and protects your important personal data from theft, misplacement, and unauthorized access.
